

Central Lakes College Security Department 2017 Campus Crime and Security Report

1. Introduction

Central Lakes College is committed to providing you with a quality education. The faculty, administration and staff are partners with students in this effort. There are many services and resources available to assist you. The following pages contain CLC's annual compliance and security report. This information is distributed to registered students annually in compliance with several federal and state laws including the Drug-Free Schools and Community Act, the Student Right to Know Act, the Campus Security Act, the Drug-Free Workplace Act, the Violence Against Women Act, and the Family Educational Rights and Privacy Act. This document is available in alternate format upon request. All students and staff are encouraged to familiarize themselves with these compliance reports. This document contains additional information about topics that contribute to a positive campus environment. If you are interested in viewing CLC statistics, I encourage you to also refer to <http://www.ope.ed.gov/security> or at the CLC Security Department web site at <http://www.clcmn.edu/security>. If you have any questions about this document, feel free to contact the Campus Security and Emergency Management Coordinator at 218-828-6050.

CLC has a variety of policies and procedures relating to campus security and expressly reserves the right to modify them or adopt additional policies or procedures at any time without notice. Such changes may appear in successive issues of this report.

In 1990, Congress enacted the *Crime Awareness and Campus Security Act of 1990* (Title II of Public Law 101-542), which amended the *Higher Education Act of 1965 (HEA)*. This act required all postsecondary institutions participating in HEA's Title IV student financial assistance programs to disclose campus crime statistics and security information. The act was amended in 1992, 1998, 2000 and 2008. The 1998 amendments renamed the law the *Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act* in memory of a student who was slain in her dorm room in 1986. It is generally referred to as the *Clery Act* and is in section 485(f) of the *HEA*.

On March 7, 2013, the *Violence Against Women Reauthorization Act of 2013 (VAWA)* (Public Law 113-14) was signed into law. *VAWA* includes amendments to the *Clery Act*. These changes require institutions to disclose statistics, policies and programs related to dating violence, domestic violence, sexual assault and stalking, among other changes.

The Central Lakes College Security Department compiles all required information and statistics for this report. Statistics are collected using incident reports and from other reporting authorities including, but not limited to, local law enforcement agencies and officials of Central Lakes College who have significant responsibility for student and campus activities. These college officials, known as Campus Security Authorities, include individuals in departments such as: College Administrators, Campus Security, Registrar, Student Organization Advisors, Student Life Director and Coaches

It is the policy of Central Lakes College to report all criminal activity to the Brainerd or Staples Police Department by reporting incidents directly to their office or to the Security Department. All crimes or potential crimes that are reported to the campus Security Department will be forwarded to the Brainerd or Staples Police Department. It is also Central Lakes College's position that all campus community members are responsible for reporting any criminal activity they become aware of to Security Department, (Brainerd Campus C125 (218) 828-6050), or the Brainerd Police Department (218) 829-2805 or Staples Police Department (218) 894-1841, or (emergency 9-911 (on Campus Phone)).

2. Geography

Pursuant to the Act, the Security Department monitors criminal activity and publishes this report containing a three-year statistical history of select crimes or incidents that occur. The statistics are gathered from four specific geographic areas; 1) campus, 2) residence halls (subset of campus if applicable), 3) non-campus property or institution sanctioned buildings or property and 4) public property that is adjacent to campus, and are submitted on an annual basis to the U.S. Department of Education.

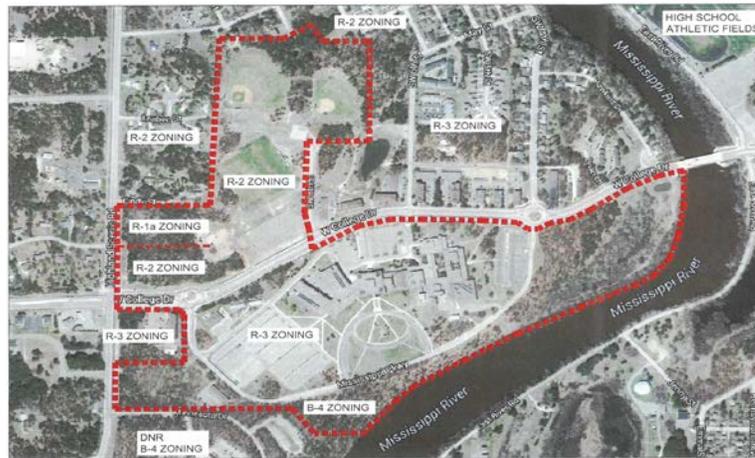

The following definitions are taken from the Higher Education Act of 1965, 485(f) (20 U.S.C. 1092(f)), the “Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act”, and are used to classify the locations listed in the Central Lakes College Crime Statistics.

Non-Campus Building or Property: The term “non-campus building or property” means 1) any building or property owned or controlled by an institution; and 2) any building or property (other than a branch campus) owned or controlled by an institution of higher education that is used in direct support of, or in relation to, the institution’s educational purposes, is used by students, and is not within the same reasonably contiguous geographic area of the institution.

Public Property: The term “public property” means all public property that is within the same reasonably contiguous geographic area of the institution, such as a sidewalk, a street, other thoroughfare, or parking facility, and is adjacent to a facility owned or controlled by the institution if the facility is used by the institution in direct support of, or in a manner related to the institution’s educational purposes.

5. Emergency Response and Timely Warning

Central Lakes College is required by policy and fire code to have evacuation and emergency operations plans in place. Evacuation plans and emergency procedures can be found posted in every class room and strategically posted throughout all CLC campuses. Central Lakes College also has a current Emergency Operations Plan based on the all-hazards concept, incorporating the National Incident Management System and coordinated with the system office and local emergency response agencies. This plan is used to respond to any level of emergency impacting Central Lakes College and outlines the responsibilities and actions necessary to protect life, property and the environment. Some of the processes and procedures are included in this report.

Regularly scheduled drills, exercises and appropriate follow-through activities, designed for assessment and evaluations of emergency plans and capabilities are completed throughout the year. The testing of the “Star Alert” text messaging system is conducted once each semester by the College Security Office. Any failures are identified and addressed immediately. Results of these tests are available by request to the College Security Office located in C125. Fire/evacuation drills are conducted each fall in all academic buildings. The Emergency Operations Team also meets regularly to review and create necessary emergency procedures and conduct table top exercises.

Emergency Response: Central Lakes College will immediately notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health and safety of students, faculty or staff occurring on campus. Minnesota State has numerous systems in place for communicating information quickly. Some or all of these methods of communication may be activated in the event of an immediate threat. These methods of communication include but are not limited to:

Active messaging: Central Lakes College has the ability to address the campus through a public address system that covers all interior campus offices, classrooms and public spaces.

Passive messaging: Central Lakes College will provide emergency information via the main web page. The administration will use campus wide mass email **and** any other available media such as digital signs to disseminate emergency notifications to students, faculty and staff. Twitter and Facebook social media will also be used to disseminate emergency notification either individually or through the Star Alert system.

Individual messaging: Central Lakes College utilizes an emergency notification system branded Star Alert, provided by Blackboard Connect, which disseminates emergency notification through SMS text, direct phone calls and email, at the selection of the recipient. This is an opt out system.

If opt out: Upon enrollment or hiring students/faculty/staff are automatically enrolled in the system using the Star ID to associate them with Central Lakes College. Students, faculty and staff are sent an email, activating their account and encouraging them to enter additional phone and/or cell numbers, email addresses and selecting other deliver options for receiving emergency notifications.

For additional information on access, issues concerning individual accounts or other questions contact: Security Coordinator at (218) 270-0166 or email at: joylarsen@clcmn.edu

Central Lakes College, upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health and safety of students or employees occurring on campus:

1. A Central Lakes College official will verify that a legitimate emergency or dangerous situation exists, even if all of the pertinent details are not known or are available at the time.
2. Central Lakes College officials, in coordination with and at the advice of local first responders, will determine the appropriate segment(s) of the campus community to receive notification.
3. Central Lakes College will, without delay, and taking into account the safety of the community, determine the content of the notification, unless issuing a notification will, in the professional judgement of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

Central Lakes College-Brainerd Campus: In the event of an emergency involving fire, tornado, hazardous materials calling for immediate evacuation or an active-shooter scenario the "Star Alert" System and/or the Public Address System will be used to immediately notify people on the campus of the emergency. The appropriate message would be broadcast through this system, mandating appropriate actions be taken by people on the Brainerd Campus.

All Central Lakes Staples Campuses-In the event of a fire emergency the fire alarm system would be activated, by a white flashing light being exhibited and the appropriate message indicating a fire emergency has occurred would be broadcast. If a tornado, hazardous materials spill calling for immediate evacuation or an active-shooter emergency occurs, the respective Information Centers would broadcast, through a public address system or a mega-phone system, the appropriate message calling for whatever action needs to be followed by people on the respective campus where this emergency is happening.

Upon completion of the immediate, emergency on-campus notification the Central Lakes College Security Coordinator, the Incident Commander or their designees will continue the notification process as is deemed appropriate for the incident. This notification process may include any or all of the following actions:

- Any member of the Emergency Operations Team, who is tasked will send a Star Alert System voice and text message to all contacts.
- The Central Lakes College Public Information Officer will send a campus-wide e-mail message to all student e-mail addresses.
- Administrative Support Personnel from the Emergency Operations Team will send a campus-wide e-mail message to all Brainerd and Staples Faculty and Staff personnel.
- Administrative Support Personnel from the Emergency Operations Team will send emergency information to all members of the Central Lakes College Emergency Operations Team.
- As deemed appropriate by the Emergency Operations Team, the Public Information Officer will contact local radio stations and send out a public broadcast to the general public.

Additional Notification and Updates from an on-campus emergency scene:

It is anticipated that initial notifications to the general public will be the responsibility of the Brainerd or Staples Police Departments, upon their receipt of this type of emergency situation occurring on Central Lakes College Property. However, it is recognized that any number of circumstances may cause this responsibility to fall to the President's Office or his or her designee, or the Central Lakes College Public Relations Officer or his or her designee, or another designated office. Additional messages may be released as the incident or situation dictates and as time permits.

Central Lakes College after ensuring that local first responders are notified, will activate the active messaging system to provide emergency notification to the campus community. An immediate Star Alert containing pertinent emergency notification and information will be disseminated. Other passive and individual messaging will provide redundant and detailed emergency information as soon as reasonably possible.

Central Lakes College will test the emergency response and evacuation procedures annually in accordance with this policy and applicable state and federal regulations. Tests may be announced or unannounced and emergency response and evacuation procedures will be publicized in conjunction with at least one test per calendar year. Central Lakes College also conducts Tornado Drills annually in accordance with the National Weather Service Severe Weather awareness Week. Results of each test will be documented and include a description of the exercise, the date, time, and whether it was announced or unannounced. This information will be maintained. The Security Coordinator is responsible for maintaining documentation of each exercise and keeps a record of the outcomes of each event. Records for all Clery related requirements are maintained for seven years and available upon request.

Timely Warning: Central Lakes College will issue a timely warning for all Clery Act crimes reported to Campus Security Authorities or local police agencies and considered by Central Lakes College officials to represent a serious or continuing threat to students, faculty and staff. Timely warning will not be limited to violent crimes or crimes against persons, and may include crimes against property or other types of serious or continuing threats.

Issuance of a Timely Warning is determined on a case-by-case basis. Factors included are the nature of the crime or threat, the continuing danger to the campus community and the possible risk of compromising law enforcement efforts. Central Lakes College will consult with local law enforcement and other officials when determining the need and content of any Timely Warning.

The intent of a Timely Warning is to enable the campus community to protect themselves and will include all information that would promote safety and aid in the prevention of similar crimes or protection from specific threats. Timely Warnings will be disseminated using the Star Alert text and email features, campus email system, or any other passive or individual method of notification to students, faculty and staff.

Individuals who contact the Security Department will be strongly encouraged to also report incidents that are criminal in nature to the Brainerd /Staples Police Departments. The Security Department normally requires a written report from the complainant/victim to begin an investigation and support the ability to address concerns through the college's judicial system. CLC will make exceptions to this immediate need to file a written report when necessary, including cases presenting clear an immediate danger to an individual or the college community.

B. Campus Security Authorities and Reporting

Campus Security Authorities (CSA) are required to notify the Security Coordinator of reportable offenses. CSA Crime Report and Sexual Assault Report forms are available for CSAs by contacting the Security Director at 218-855-8143. Central Lakes College is required under federal law to report specific criminal offenses to the United States Department of Education as detailed in the ***Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC 1092(f))***.

The Security Department coordinates this effort for the College by compiling relevant data for crimes occurring in the following places:

- On-campus buildings
- Non-campus buildings or non-campus property controlled by the College
- Public property immediately adjacent to and accessible from campus

The above noted crimes within these geographic locations are statistically counted if they are reported to local police agencies, the Security Department, or to a Campus Security Authority.

The Department of Education defines a Campus Security Authority as "any official of the [college] who has significant responsibility for students and campus activities."

The following people with significant responsibility for student and campus activities (not including counselors) must report potential criminal activity of which they are aware to campus security:

- President
- Vice Presidents
- Deans
- Campus Security
- Student Organization Advisors
- Dean of Students, Equity & Inclusion (Title IX and ADA Compliance Officer)
- Human Resources Director
- Affirmative Action Officer
- Coaches
- Registrar
- Student Life Director

There are two types of individuals who, although they have significant responsibility for student and campus activities, are not campus security authorities under Clery:

- Pastoral counselor
- Professional counselor

C. Reporting Procedures

1. All criminal activity occurring on campus should be reported immediately to the Security Department, Brainerd Police Department and/or Staples Police Department. The Security Department will assist the complainant in completing reports. The Security Department will strongly encourage and support complainants and victims to report all crimes to the Brainerd or Staples Police Departments. In appropriate cases, reports will also be shared with the College's Judicial Process. The Security Department will assist the Brainerd or Staples Police Departments and the College's Judicial Process with investigations when requested. The Security Department also accepts reports of criminal activity

occurring to or caused by persons involved in college sanctioned functions and at off-campus locations. Such incidents are included in the college's annual report and may be addressed on and/or off-campus. The Security Department cannot hold reports of crime in confidence.

2. If you are a victim of a crime or witness a crime:

Call the Brainerd or Staples Police Department's (911) and/or Security Department (828-6050) for any emergency including medical emergencies, fires, suspicious people or activities, crime reports, traffic accidents, or other illegal activities:

A. Write down as much information as you can remember after a crime. If you cannot identify the perpetrator by name, try to recall as many details as possible about the offender(s):

1. Gender
2. Approximate age
3. Height
4. Weight/build
5. Description of face (eye color, hair color/style, jaw, nose, facial hair, glasses, etc.)
6. Dress/clothing
7. Distinguishing marks (scars, tattoos, etc.)
8. Voice.

B. Attempt to obtain a description and license number of any vehicle involved. Note the direction taken by offenders or vehicles and report those to the Security Department and Brainerd or Staples Police Departments; preserve the crime scene; do not touch any items involved in the incident. Close off the area of the incident and do not allow anyone in the crime area until the Security Department and Brainerd or Staples Police Department Officers arrive.

3. When necessary to protect the victim's identity, in sexual assaults, the Dean of Students, Equity & Inclusion /Title IX Officer will accept third-party reports. CLC utilizes Campus Eye Software, where actual and/or anonymous reports may be sent directly to the Dean of Students, Equity & Inclusion/Title IX Officer. Whenever possible, the Dean of Students, Equity & Inclusion/Title IX Officer prefers to receive reports from the victim, as the detail is often more accurate in such situations. Maintain all physical evidence; do not risk losing critical evidence. All employees who become aware of an allegation of violation of college policy, student code of conduct, civil or criminal law should report the allegation to their supervisor, the Security Department, the Title IX Officer, and/or the Brainerd or Staples Police Departments. The following people with significant responsibility for student and campus activities (not including counselors) must report potential criminal activity of which they are aware to the Security Coordinator, Dean of Students, Equity & Inclusion (Title IX Officer and Affirmative Action Officer), and/or the Director of Human Resources: Financial Aid Director, Deans, Registrar, VP Administrative Services, META 5 Director, TRIO Upward Bound Director, Disability Services Coordinator, Security Coordinator, President, VP Academic and Student Affairs, Physical Plant Director, Director of Human Resources, Coaches, Student Life Director, Student Organization Advisors, Executive Administrative Assistant as well as any assistants and associates.

7. Crime Log:

CLC Security maintains a daily crime log, by date, of crimes reported to the CLC Security Department that occurred within the designated Clery geography. CLC Security must make an entry or an addition to an entry to the log within two business days of the report of the information. CLC may withhold information required under 34-CFR-668.46(f)(1) and (2) if there is clear and convincing evidence that the release of the information would jeopardize an ongoing criminal investigation or the safety of an individual, cause a suspect to flee or evade detection, or result in the destruction of evidence. CLC must disclose any information withheld once the adverse effect no longer exists. CLC may only withhold information that would cause the adverse effect. The most recent 60 day period will be made available for public inspection during normal business hours. Any information past the 60 day period will be available within two business days. This report is made available by the Security Department. Requests for additional information regarding this report and its statistics may be made to the Security Department, 501 W. Any missing student report by any other Campus Security Authority, will be referred immediately to the Security Department and/or the Brainerd or Staples Police Department(s) having jurisdiction for the campus.

Students have the option of identifying and designating a contact person or persons whom Central Lakes College shall notify within 24 hours of the determination that the student is missing, as determined by the Central Lakes College Security Department or local law enforcement agency. Students are advised that their contact information will be registered confidentially and will only be accessible to authorized campus officials. Information may not be disclosed, except to law enforcement personnel in furtherance of a missing person investigation. If students are under 18 years of age and not emancipated, Central Lakes College MUST notify a custodial parent or guardian within 24 hours of the determination that the student is missing, in addition to notifying any additional contact person designated by the student. 9. Personal Safety and Access to Campus Facilities

A. Personal Safety

1. Security Officers and the Staples Police Department are available to assist you in protecting yourself by providing regular foot and vehicle patrol and various security communications; however, only you can protect yourself by being aware of your surroundings and take appropriate steps in preventing crime. Remember to:
 - Use the Security Departments "escort service" and "Emergency Call Boxes".
 - Walk in a group, stay in well-lighted areas and wear light-colored clothing when walking at night.
2. Emergency Call Boxes:
 - "Emergency Call Boxes" are located in the northeast, northwest and southwest parking lots on the Staples Main Campus only. When properly activated, these phones directly dial the main CLC phone number or the Staples area 911 call center.
3. Escort Service:
 - An on-campus escort service is provided by Security Officers or other staff, for members of the college community. Escorts may be requested by calling (218) 828-6050 (Brainerd).  - Always lock your door when you are asleep. You are also encouraged to lock your door when you are awake.
 - Do not prop open locked exterior building doors. These doors are locked for your protection and protection of others.
 - Never open exterior doors of the building for strangers or non-residents. Always escort your guests to and from the main entrance doors.
 - Do not loan your keys to anyone - even a classmate or a friend. They may not be careful with them and may misplace them, giving the wrong person access to your property.
 - Do not leave your keys lying around in public places or in your jacket pocket when you are not wearing it.
 - Do not put your name or address on key rings as they may be used to steal your property if found by the wrong person.
5. Protect your property:

10. Policy/Reporting of Sexual Offenses and Harassment:

Policy

1. Central Lakes College's policy on sexual assault is governed by the Minnesota State Colleges and Universities System's policy. (see links below) In support of the system policy, Central Lakes College reaffirms the policy that sexual harassment, including sexual violence, domestic abuse and stalking, will not be tolerated. Every effort will be made to assure that all members of the College community are provided an atmosphere free from sexual harassment and sexual violence. To prevent sexual harassment and sexual violence, State of Minnesota Statute 135.A requires educational efforts will be undertaken to inform employees and students of their responsibilities regarding such behavior, how to identify and eliminate sexual harassment or sexual violence and what steps can be taken if instances of sexual harassment or sexual violence are experienced. Per Minnesota Statute, CLC and local law enforcement agencies have signed memorandums of understanding, to better assist one another and collaborate with incidents of sexual assault. These programs include collaboration with community organizations to host events, posters, brochures, education on the CLC Sexual Violence Website, anonymous reporting on the CLC Sexual Violence Website, conducting nightly security patrols of the campus, providing escorts, inspecting the campus for potential dangerous areas and implementing programs to inspect campus lighting and shrubbery. Procedures for Reporting a Complaint: Central Lakes College has procedures in place that serve to be sensitive to those who report sexual assault, domestic violence, dating violence, and stalking, including informing individuals about their right to file criminal charges as well as the availability of counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance and other services on and/or off campus as well as additional remedies to prevent contact between a complainant and an accused party, such as housing, academic, transportation and working accommodations, if reasonably available. Central Lakes College will make such accommodations, if the complainant requests them and if they are reasonably available, regardless of whether the complainant chooses to report the crime to the Central Lakes College Security Department or local law enforcement. The following is the procedure students, faculty, staff, or guests of Central Lakes College should follow:

Procedure:

1. Every attempt is made to maintain the anonymity of the sexual assault complainant. Every attempt will be made not to release names to the media. Unless requested by the sexual assault complainant, names and addresses of sexual assault complainants are not released to the Brainerd or Staples Police Department. Title IX Officer and/or the Security Coordinator will attempt to provide support and resources for the sexual assault complainant. Each report of sexual assault will be investigated in order to provide better protection to the alleged victim of a sexual assault and all members of the campus community. Sexual assault complainants should be aware of the need of the college to release information regarding the fact that an assault has occurred for the protection and safety of the complainant and others. A guiding principle in the reporting of sexual assault is to avoid re-victimizing the sexual assault survivor by forcing the person into any plan of action.
<http://www.mnscu.edu/board/policy/1b03.html> - Sexual Violence Policy
<http://www.mnscu.edu/board/procedure/1b03p1.html> - Sexual Violence Procedures
2. The Office of Equity & Inclusion (Title IX) will be the office of official record for reports of sexual harassment and sexual violence.
3. Sexual assault complainants have the right to have reports made anonymously (third-party) to Central Lakes College, via the anonymous option in the Campus Eye Reporting Software, via the campus Sexual Violence webpage noted above or through the Brainerd or Staples Police Department. Title IX and/or Campus Security may provide resources to the complainant in making this report if they so wish. In these situations, the name of the complainant will not be forwarded. Third-party reports may prevent the college and the Brainerd or Staples Police Department from actively investigating the criminal activity.
4. CLC Title IX Office in collaboration with the Director of Security shall maintain current Memorandum of Understandings specific to addressing sexual violence, with Brainerd, Baxter and Staples Police Departments.
5. If the Vice President of Academic & Student Affairs or Director of Human Resources in conjunction with campus Title IX and Security Coordinator and the Brainerd or Staples Police Department determines that a threat continues to exist for the community, information about the reported sexual assault will be reported to the campus community whether reported by a sexual assault survivor or through a third-party report. As much detail as possible regarding location, date and time of the assault, and any information, which might help identify the assailant will be reported. The Title IX Officer in collaboration with the Director of Security will inform the campus community of reported sexual assaults by posters, appropriate notices, radio station, and/or the local media. CLC will take appropriate action to safeguard the complainant.

6. Each report will be taken as presented by the complainant. Appropriate criminal classifications will be determined after a review of all facts by the Brainerd or Staples Police Department personnel, (if the complainant chooses to file a report with the police.)
7. The college will take appropriate action to safeguard the alleged victim. The college will create a safety plan in collaboration with the complainant; which might entail changing class schedules, addressing housing concerns, if the incident occurred at the CLC Foundation owned apartments.
8. In addition to respecting the rights of the complainant, the college will protect the rights of the alleged perpetrator. Due process is required throughout the investigation and post investigation process for both parties.
9. When a complainant does not consent to the disclosure of his or her name or other identifiable information to the alleged perpetrator/respondent, the college's ability to respond to the complaint may be limited. The college will normally not take any disciplinary action unless it is determined that there is a clear violation, policies and procedures have been followed and/or there is a clear danger to the victim or college community.

- Collect and save evidence that will be needed if you choose to report your sexual assault to law enforcement.
- Evaluate your risk for pregnancy and discuss safe prevention options
- Evaluate your risk of contracting a sexually transmitted infection and offering you medication to reduce that risk

Further evaluate and document any injuries (if you have injuries that require treatment, the nurse will ask the emergency department staff to evaluate and treat your injuries; this examination is separate from the one done to collect evidence), and provide you with resources to help during your recovery. This will include advocate services, agencies for medical follow-up, information about reporting this crime to law enforcement, information about the Crime Victims Reparations Fund and many other resources.

In Minnesota, evidence may be collected even if you chose not to make a report to law enforcement.

Evidence collected during a medical forensic exam will only be tested if a report is made to law enforcement.

Under Minnesota law, the county in which the sexual assault or rape occurred is responsible for the cost of collecting evidence during your medical forensic examination. The county must pay regardless of whether or not you report to law enforcement. After your medical forensic examination has been performed, the county may be reimbursed from your insurance with your permission. Counties must obtain your approval prior to billing your insurance. Whether or not the county uses your insurance is your choice. It is important that a victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred/or is occurring or may be helpful in obtaining a protection order. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted disease.

Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful to Central Lakes College investigators or police. Although Central Lakes College strongly encourages all members of its community to report violations of this policy to law enforcement, it is the victim's choice whether or not to make such a report and victims have the right to decline involvement with the police. Central Lakes College will assist any victim with notifying local police if they so desire. Brainerd Police Department may also be reached directly by calling 218 829-2805, in person at 225 E River Rd, Brainerd, MN 56401. Staples Police may also be reached directly by calling (218) 894-1841, in person at 301 2nd Ave NE, Staples, MN 56479

Additional information about the Staples Police Department may be found online at: <http://www.staples.govoffice.com>

Additional Information about the Brainerd Police Department may be found online at: <http://www.ci.brainerd.mn.us/218/Police-Department>

The procedures set forth below are intended to afford a prompt response to charges of sexual assault, domestic or dating violence, and stalking, to maintain confidentiality and fairness consistent with applicable legal requirements, and to impose appropriate sanctions on violators of this policy.

As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more difficult. If a victim chooses not to make a complaint regarding an incident, he or she nevertheless should consider speaking with Central Lakes College Title IX Office, Security Department or other law enforcement to preserve evidence in the event that the victim changes her/his mind at a later date.

If a report of domestic violence, dating violence, sexual assault or stalking is reported to the institution, below are the procedures that the institution will follow as well as a statement of the standard of evidence that will be used during any judicial hearing on campus arising from such a report:

Central Lakes College Security Department, when informed of an alleged incident of sexual violence, shall promptly assist the complainant, as requested. Central Lakes College will:

- 1.** Provide complainant with written information to access medical care, depending on when reported (immediate vs. delayed report).
- 2.** Assess immediate safety needs of complainant.
- 3.** Assist complainant with contacting local police if complainant requests and provide contact information for local police department.
- 4.** Provide complainant with referrals to on and off campus mental health providers and/or sexual assault survivor programs.
- 5.** Assess need to implement interim or long-term protective measures, such as housing changes, change in class schedule, "No Contact" directive between both parties
- 6.** Provide a "No Trespass" directive to accused party if deemed appropriate
- 7.** Provide written instructions on how to apply for an Order of Protection
- 8.** Provide a copy of the Sexual Violence Policy to complainant and inform the complainant regarding timeframes for inquiry, investigation and resolution

9. Inform the complainant of the outcome of the investigation, whether or not the accused will be administratively charged and what the outcome of the hearing is
10. Enforce the anti-retaliation policy and take immediate and separate action against parties that retaliate against a person for complaining of sex-based discrimination or for assisting in the investigation.

When appropriate, Central Lakes College may pursue legal action against a respondent, including, but not limited to, trespass or restraining orders, in addition to disciplinary action under the applicable student or employee conduct standard.

Assistance for Victims - Rights and Options: Regardless of whether a victim elects to pursue a criminal complaint or whether the offense is alleged to have occurred on or off campus, Central Lakes College will assist victims of sexual assault, domestic violence, dating violence, and stalking and will provide each victim with a written explanation of their rights and options. In Minnesota, a victim of domestic violence, dating violence, sexual assault or stalking has the following rights:

1. Be informed of prosecutor's decision to decline prosecution or dismiss the case along with information about seeking a protective or harassment order at no fee
2. Protection against employer retaliation for victims to take reasonable time off to attend order for protection or harassment restraining order proceedings
3. Domestic abuse victims have the ability to terminate a lease without penalty
4. Sexual assault victims can make a confidential request for HIV testing of a convicted offender
5. Sexual assault victims do not have to pay the cost of a sexual assault examination
6. Sexual assault victims may not be required to undergo a polygraph examination in order for an investigation or prosecution to proceed.

Further, Central Lakes College complies with Minnesota law in recognizing Orders of Protection and Harassment Restraining Orders. In order to reduce contact between complainant and the alleged assailant, the College will, upon request, attempt to provide a change in classes if the accommodation is reasonably available. Requests to arrange for a change in class schedule can be made to the Title IX Officer, Mary Sam. The complainant has the right to petition for an Order for Protection (OFP) or a Harassment Restraining Order (HRO). Any person who obtains an order of protection from Minnesota or any reciprocal state (Under VAWA's full faith and credit provision, every state must recognize and enforce protection orders issued in other states, as if issued in the enforcing state) should provide a copy to Central Lakes College Security Department and the Office of the Title IX Coordinator. A complainant may then meet with Central Lakes College Title IX Officer and Security Department to develop a Safety Action Plan, which is a plan for campus officials and the victim to reduce risk of harm while on campus or coming and going from campus. This plan may include, but is not limited to: escorts, special parking arrangements, changing classroom location or allowing a student to complete assignments from home, etc.) Central Lakes College cannot apply for a legal order of protection, no contact order or restraining order for a victim from the applicable jurisdiction(s). The victim is required to apply directly for these services. Protection from abuse orders may be available through the local county court at no cost. Central Lakes College may issue an institutional no contact order if deemed appropriate or at the request of the victim or accused. To the extent of the victim's cooperation and consent, Central Lakes College offices will work cooperatively to ensure that the complainant's health, physical safety, work and academic status are protected, pending the outcome of a formal investigation of the complaint. If reasonably available, a complainant may be offered changes to academic, living, or working situations in addition to counseling, health services, visa and immigration assistance and assistance in notifying appropriate local law enforcement. Additionally, personal identifiable information about the victim will be treated as confidential and only shared with persons with a specific need to know who are investigating/ adjudicating the complaint or delivering resources or support services to the complainant (for example, publicly available record-keeping for purposes of Clery Act reporting and disclosures will be made without inclusion of identifying information about the victim, as defined in 42 USC 1395 (a) (20).) Further, Central Lakes College will maintain as confidential, any accommodations or protective measures provided to the victim to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

Bystanders: Bystanders play a critical role in the prevention of sexual and relationship violence. They are individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it. We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list of some of the ways to be an active bystander. If you or someone else is in immediate danger, call 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

1. Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are OK.
2. Confront people who seclude, hit on, and/or try to make out with, or have sex with people who are incapacitated.
3. Speak up when someone discusses plans to take sexual advantage of another person
4. Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.

5. Refer people to on or off campus resources listed in the Annual Security Report or other resources for support in health, counseling, or with legal assistance.

Reducing the Risk of Sexual Assault: You can reduce the chances of sexual assault by doing the following:

1. Be aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
2. Try to avoid isolated areas, it is more difficult to get help if no one is around.
3. Walk with purpose. Even if you don't know where you are going, act like you do.
4. Trust your instincts. If a situation or location feels unsafe or uncomfortable, it probably isn't the best place to be.
5. Try not to load yourself down with packages or bags as this can appear more vulnerable.
6. Make sure your cell phone is with you and charged and that you have cash money.
7. Don't allow yourself to be isolated with someone you don't trust or someone you don't know.
8. Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.
9. When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you find a way out of a bad situation.
10. Trust your instincts. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (call 911)
11. Don't leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you've left your drink unattended, just get a new one.
12. Don't accept drinks from people you don't know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don't drink from the punch bowls or other large, common open containers.
13. Watch out for your friends, and vice versa. If a friend seems out of it, is way too intoxicated for the amount of alcohol they have had, or is acting out of character, get him or her to a safe place immediately.
14. If you suspect you or a friend has been drugged, contact law enforcement immediately. Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).
15. If you need to get out of an uncomfortable or scary situation here are some things that you can try:
 - a. Remember that being in this situation is not your fault. You did not do anything wrong, it is the person who is making you uncomfortable that is to blame.
 - b. Be true to yourself. Don't feel obligated to do anything you don't want to do. "I don't want to" is always a good enough reason. Do what feels right to you and what you are comfortable with.
 - c. Have a code word with your friends or family so that if you don't feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come and get you or make up an excuse for you to leave.
 - d. Lie. If you don't want to hurt the person's feelings it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.
16. Try to think of an escape route. How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
17. If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgement before doing anything you may regret later.

Complainants' rights: are as follows:

1. Complainants have the right to file criminal charges with local law enforcement officials in any sexual assault case
2. They have all of the rights under the crime victims bill of rights, Minn. Stat. §§ 611A.01 – 611A.06, including the right to assistance from the Crime Victims Reparations Board and the commissioner of public safety
3. Complainants are afforded the availability of prompt assistance from campus officials, upon request, in notifying the appropriate campus investigating authorities and law enforcement officials, and, at the direction of law enforcement authorities, assistance in obtaining, securing, and maintaining evidence in connection with a sexual violence incident

4. Campus Security Authorities/Title IX Office will assist in preserving for a sexual violence complainant materials relating to a campus disciplinary proceeding
5. Complaints of incidents of sexual violence made to campus security authorities must be promptly and appropriately investigated and resolved
6. Upon a sexual assault complainant's request, Central Lakes College will take action to prevent unwanted contact with the alleged assailant, including, but not limited to, transfer of the complainant and/or the respondent to alternative classes, or to a work site or to alternative college-owned housing, if such alternatives are available and feasible. Any accommodations or protective measures provided to the victim will be maintained in confidence, to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.
7. Upon the request of the complainant, students who report sexual assaults to (Minnesota State) and subsequently chose to transfer to another college or university will be provided with information about resources for victims of sexual assault at the college or university to which the complainant is transferring.

Investigation and Disciplinary Procedures

Investigations and disciplinary procedures will be conducted by Central Lakes College officials who, at a minimum, receive annual training on the issues related to dating violence, domestic violence, sexual assault, and stalking and on how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability. Central Lakes College officials who conduct investigations and disciplinary procedures will not have any bias or conflict of interest toward either the accuser or the accused.

Procedures used in response to a complaint of sexual violence should avoid requiring complainants to follow any plan of action, to prevent the possibility of re-victimization. The process will be respectful of the needs and rights of all individuals involved and they will be treated with dignity. It is never assumed or suggested that the complainant was at fault for the sexual assault or should have behaved differently to prevent the assault. All proceedings will be acted on promptly and conducted within reasonable timeframes. The process will allow for extensions of those timeframes for good cause with written notice to the complainant and the respondent of the delay and the reason for the delay. The process will be consistent with these policies and transparent to the complainant and the respondent. Student complainants and respondents will have the same opportunity to have an appropriate support person or advisor present at any interview or hearing, in a manner consistent with the governing procedures and applicable data practices law. Employees have the right to representation consistent with the appropriate collective bargaining agreement or personnel plan. All procedures will be conducted in accordance with applicable due process standards and privacy laws. The complainant and respondent will simultaneously be informed, in writing, of the investigation to be conducted, the outcome or determination of findings, in a timely manner, as permitted by applicable privacy law. Outcomes will be based on a preponderance of evidence standard, meaning that it is more likely than not that the policy, procedure, or code has been violated. The past sexual history of the complainant and respondent are deemed irrelevant except as that history may directly relate to the incident being considered. A respondent's use of any drug, including alcohol, judged to be related to an offense may be considered to be an exacerbating rather than mitigating circumstance.

Central Lakes College takes allegations of sexual violence very seriously and recognizes the consequences such allegations may have on a respondent as well as the complainant. Any individual who knowingly provides false information regarding the filing of a complaint or report of sexual violence, or who provides false information during the investigation of such a complaint or report, may be subject to discipline or, under certain circumstances, legal action. Complaints of conduct that are found not to violate policy are not assumed to be false.

If a complainant no longer desires to pursue a complaint through Central Lakes College proceeding, Central Lakes College reserves the right to investigate and resolve the complaint as it deems appropriate. Central Lakes College reserves discretion whether to pursue alleged violations of policy under appropriate circumstances, including, but not limited to, a determination that an effective investigation is not feasible because of the passage of time, or because the respondent is no longer a student or employee of Central Lakes College.

Investigation, determination, disciplinary steps include:

- Interview complainant
- Establish safety measures if needed
- Provide campus and community resources to complainant
- Provide complainant with a copy of the 1B.3 Policy and Procedures
- Provide complainant with a copy of the letter alerting them to the investigation process moving forward
- Provide respondent with a copy of the letter alerting them to the investigation process, resources available to them and a copy of the 1B.3 Policy and Procedures
- Conduct investigation in a timely manner

- Notify all parties of the findings of the investigation and provide all parties with a copy of the campus appeals procedures
- Implement sanctions, if a determination of findings of a policy violation occurred

Sanctions: Central Lakes College may, at any time during the report/complaint process, reassign or place on administrative leave an employee alleged to have violated Board Policy 1B.3, in accordance with the procedures in System Procedure 1B.1.1. Such action must be consistent with the applicable collective bargaining agreement or personnel plan.

Central Lakes College may summarily suspend or take other temporary measures against a student alleged to have committed a violation of Board Policy 1B.3, in accordance with System Procedure 1B.1.1 or Board Policy 3.6.

Sanctions that may be imposed if a finding is made that sexual violence has occurred include, but are not limited to, suspension, or expulsion of students, or termination from employment for employees. The appropriate sanction will be determined on a case-by-case basis, taking into account the severity of the conduct, the student's or employee's previous disciplinary history, and other factors as appropriate. Witnesses or victims who report in good faith an incident of sexual violence will not be sanctioned by Central Lakes College for admitting in the report to a violation of the student conduct policy on the use of alcohol or drugs.

Actions by a student or employee intended as retaliation, coercion, discrimination, reprisal, or intimidation against an individual for making a complaint or participating in any way in a report or investigation under this policy are prohibited and are subject to appropriate disciplinary action.

Filing an Appeal: The complainant or the respondent may appeal the decision of the decision maker. An appeal must be filed in writing with the president or designee within ten (10) business days after notification of the decision. The appeal must state specific reasons why the complainant or respondent believes the decision was improper. In a complaint against a president or other official who reports directly to the chancellor, an appeal may be considered by the chancellor whether or not the chancellor served as the decision maker.

For employees represented by a collective bargaining agreement, an appeal under this procedure is separate and distinct from, and is not in any way related to, any contractual protections or procedures. During the pendency of the appeal disciplinary or corrective action taken as a result of the decision shall be enforced. In addition, in cases involving sanctions of suspension for ten (10) days or longer, students shall be informed of their right to a contested case hearing under Minnesota Statutes Chapter 14.

The president or designee shall review the record and determine whether to affirm or modify the decision. The president or designee may receive additional information if the president or designee believes such information would aid in the consideration of the appeal. The decision on appeal shall be made within a reasonable time and the complainant, respondent and designated officer shall be notified in writing of the decision, consistent with applicable state and federal data privacy laws. The decision on appeal exhausts the complainant's and respondents administrative remedies under this procedure except as provided herein.

Campus disciplinary action in alleged sex offenses:

A. Procedure:

The college disciplinary process in alleged sexual offences will follow the 1B.3.1 Sexual Violence Procedures in conjunction with the 1B.1.1 Policy Procedures Student Conduct Policy 3.6. (links below). In order for the college to address behavior through the Student Conduct System, a complaint must be filed with the campus Title IX or Security Office (verbally or in writing). Any criminal complaint is reported to Campus Security and the local law enforcement center for investigation. Complaints of acts of sexual violence, assault or abuse, such as rape, acquaintance rape, or forms of non-consensual sexual activity are criminal behaviors and will be investigated by the campus. These acts will be swiftly investigated and will subject an individual to complaints and disciplinary sanctions under the System's Nondiscrimination/Harassment/Violence Policies or the College's Student Conduct Code as well as referral to appropriate law enforcement agencies. See Victim's Rights, Minnesota State Statutes Section 135A.15 Rights of Accuser and the accused regarding witness/advisors. Both the complainant and the respondent have the right to have an advocate present throughout the investigation process. However, the advocate cannot speak in their place.

Community Notification of Sexual Offenders

In 1996 the Minnesota Legislature passed the Community Notification Law (Minnesota Statutes 244.052) that permitted the release of information about certain offenders in Minnesota. The intent of the legislature was as follows: "If members of the public are provided adequate notice and information about an offender's release, the community can develop constructive plans to prepare themselves."

Prior to this law, most information regarding predatory offenders was known to law enforcement agencies and others in the criminal justice system, but beyond those agencies and individuals the information about offenders was classified as either private or confidential. Community notification allows some information about some offenders to be converted from private or confidential information to public information. In Minnesota, the amount of information and the scope of individuals to whom information is released, is indicated by the risk level assigned to the offender by an End of Confinement Review Committee (ECRC) established by the notification law, and operated by the Department of Corrections (DOC). The higher number risk level assigned to the offenders, the more information can be released, and the broader the audience that will receive that information. Law enforcement agencies where the offenders reside have the responsibility for the notification of their communities under this law.

- **Information regarding Level 3 sex offenders can be found at www.corr.state.mn.us/level3/level3.asp and information regarding Level 2 offenders is available at the Brainerd or Staples Police Departments.**

The Security Coordinator and Title IX Officer will meet at the beginning of each semester to meet with registered offenders and their probation or Department of Corrections agent annually and sign off on a student agreement based on the terms of their restrictions and campus policies. The Dean of Students, Equity & Inclusion and other campus employees designated as 'need to know' will be informed of a sex offender on campus who has significant restrictions.

Sexual Violence Prevention and Education

Under Minnesota Statute 135. A, all incoming college students taking one or more face-to-face classes must participate in sexual violence prevention training by the 10th day of class. All employees will be trained in sexual violence prevention. CLC Sexual Violence Committee in partnership with the Title IX Officer, Human Resources and Security Office will establish a campus Sexual Violence education and action plan to promote the awareness of

sexual violence offenses, including sexual violence prevention measures and procedures for responding to incidents. CLC developed educational programs, brochures, posters and other means of information to decrease the incidence of sexual violence and advise individuals of the legal and other options available if they are the complainants of an incident or they learn of such an incident. Each employee is required to complete a sexual harassment training module as part of their new employee training process and all employees are required to participate in annual sexual violence training. Training for individuals charged with decision making authority is provided by Minnesota State, providing appropriate training and other resources to individuals charged with decision making responsibilities under applicable procedures in order to facilitate a fair, respectful and confidential procedure on allegations of sexual violence in accordance with this and other applicable policies, procedures and laws. A guiding principle in the reporting of sexual assault is to avoid re-victimizing the sexual assault complainant by forcing the person into any plan of action. Sexual assault complainants may contact any one of several college departments or community services for assistance.

Central Lakes College engages in comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to end dating violence, domestic violence, sexual assault and stalking. Central Lakes College has developed an annual educational campaign consisting of presentations that include distribution of educational materials to new students and participating in and presenting information and materials during new employee orientation. Primary prevention and awareness programs are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research, or assessed for value, effectiveness, or outcome. Environmental risk and protective factors are considered as they occur on the individual, relationship, institutional, community and societal levels.

A copy of the Drug-Free Workplace information is in the Student Handbook and may be obtained from Student Services or the Department of Human Resources. The college recognizes the reality of chemical abuse and chemical dependency and is aware of its occasional presence in the college community. As a safeguard against this dependency, numerous campus organizations provide prevention programs to the Central Lakes College community. The college encourages and provides reasonable assistance to any student, faculty or staff member who seeks information on chemical dependency or treatment for chemical dependency. The Human Resource Department, Dean of Students, Equity & Inclusion (Title IX Officer), and the Counseling Department will provide information and prevention programs for those seeking help with substance abuse.

One of the main provisions of the HEOA is the Campus Fire Safety Right-to-Know Act. This provision calls for all Title IV eligible institutions that participate in Title IV programs and maintain on-campus student housing facilities to publish an annual fire safety report that outlines fire safety systems, policies, practices, and statistics. The following report discloses all information required by HEOA as it relates to Central Lakes College.

Statistics and Related Information Regarding Fires in Residential Facilities

Residential Facility	Total Fires	Cause of fire	Number of Injuries Requiring Treatment	Number of Deaths Related to Fire	Value of Property Damage Caused
Parkway Apartments	0	N/A	0	0	0

Parkway Apartments Fire Safety Policies

Fire Exits:

Emergency fire exit doors are not to be used to exit or enter the building except in the case of an emergency. Fire exit doors are armed with an alarm that will sound when the door is opened. Tenant will be responsible for any fines, fees, repairs, or other expenses as a result of a false alarm or damage to the fire exit doors caused by Tenant or Guests.

The back stairwell is a fire exit and is not to be used to exit or enter the building except in the case of an emergency.

Fire and/or Carbon Monoxide Detection/Alarm Systems

The property is equipped with various safety equipment such as smoke detectors, carbon monoxide detectors, and/or heat detectors ("safety equipment").

UNDER NO CIRCUMSTANCES MAY THE SAFETY EQUIPMENT BE TAMPERED WITH OR RENDERED INOPERABLE. SUCH ACTIVITY IS CONSIDERED A SERIOUS SAFETY THREAT TO THE TENANTS OF THE PROPERTY AND CONSTITUTES GROUNDS FOR IMMEDIATE EVICTION. Missing or damaged equipment due to tampering will be replaced at Tenant's expense.

The batteries will be replaced by Landlord and/or property staff on an annual basis at no cost to Tenant. From time to time the batteries will need to be replaced more often, and it is the responsibility of Tenant to immediately notify Landlord and/or property staff when a replacement is needed. Removal of or tampering with the battery by Tenant will result in a minimum replacement charge of \$25.00 per battery.

The apartment building is equipped with an alarm system that is connected to various safety equipment such as smoke detectors, carbon monoxide detectors, and/or heat detectors. If these alarms go off, leave the building immediately, contact 911 Emergency Services, and contact Landlord and/or property staff.

The alarm system may include pull stations, smoke detectors, heat detectors, sprinkler heads, and various other devices located throughout the building. False alarms or damage caused by tampering or horseplay is not allowed and is a violation of the Lease for which Tenant's Lease may be terminated and for which Tenant may be evicted. Tenant will be held responsible for the cost of damages and/or expenses caused by a Tenant or Guests. In some communities, emergency response organizations such as the local Fire Department or Emergency Medical Services may hold Tenant responsible for false alarms.

Each Tenant should devise and discuss with all household members a plan to deal with emergencies such as fire or dangerous weather. Because of various household differences no single plan has been devised for the building. If Tenants would like help preparing a plan for their households, they are encouraged to contact the local fire department.

False Alarms

Every effort will be made to identify individuals who cause a false alarm. When such persons are identified, they will be referred to the Fire Department and Police Department for disciplinary action. In addition to legal proceedings, each individual involved will be charged a fine of \$500, responsible for any expense, and subject to eviction.

Misuse of Safety Equipment

Any individual who misuses or tampers with fire safety equipment may be subject to eviction, a fine of \$500 plus the cost of repair or replacement of the equipment, cleaning of the facility, and damage to other property. We will also contact local law enforcement officials and you may be subject to disciplinary action under their jurisdiction. Fire equipment consists of, but is not limited to: fire extinguishers, fire valves, smoke and heat detectors, sprinkler system, emergency lighting, emergency exit signs and pull stations.

Fire Drills & Evacuation

As part of our housing rules and precautionary measures, we have a formalized procedure to follow in the event of a fire at our facility. Please read through this information and make note of your role in such a situation. It is important to safely evacuate and account for everyone living in the housing units.

MANDATORY FIRE DRILLS will be scheduled twice each semester.

1. In case of fire, evacuate your apartment/bedroom immediately. Assess your situation. KNOW WHERE YOUR EXITS ARE & practice your exit routes. The two (2) exits for each apartment are the door and the window. Use whichever avenue is safest and furthest from the fire itself. REMEMBER to close ALL DOORS BEHIND YOU. This will prevent the spread of smoke and fire within the unit.
2. If you can, try to get everyone out of the unit. Do your best to account for everyone in your apartment. Obviously, do not put yourself in harm's way, but if you are able to make sure all of your roommates are safe, it will be great help to the fire department.
3. Call "911" from a safe, alternative area. DO NOT CALL FROM THE APARTMENT THAT HAS A FIRE. Go to a separate building or apartment and notify the fire department as soon as you can. If you can, go to the Resident Manager's apartment - #42. DO NOT ASSUME THAT SOMEONE ELSE HAS ALREADY CALLED THE FIRE DEPARTMENT.

4. If the fire department deems it necessary, they will make the call to evacuate the other buildings.
 - a. Evacuated Tenants are to immediately proceed to the designated "safe" area is the CENTRAL LAKES COLLEGE WEST parking lot located directly across Mississippi Parkway. This is very important because we need to account for everybody. At this time, one of the housing staff will be informing the fire department of who is and isn't out of the housing units. YOUR KNOWLEDGE OF WHO IS HOME AND WHO IS GONE IS CRUCIAL. It is imperative that everyone congregates at the designated spot.
 - b. Only the Tenant's under evacuation should proceed to the safe area. Extra people at the safe spot who are not under evacuation will make it harder to account for those in immediate danger.

Portable Oxygen Tanks

Smoking or the use of any other product that produces a flame is prohibited anywhere inside any unit where an oxygen tank or concentrator is present. Use of other devices that may create a fire hazard in such circumstances is also prohibited. Tenant agrees to become familiar with and comply with all safety precautions associated with use of portable oxygen.

Charcoal and/or Gas Grills

Charcoal grills, gas grills, and fire pits are prohibited on the premises. A community grill is provided in the picnic area.

Regardless of 911 reports, all fires that occur on Parkway Apartments property should be reported to the Central Lakes College Security Department.

Institutions must maintain a fire log that reflects the nature of the fire, date, time and general location of each fire in on-campus student housing facilities. Central Lakes College complies with this rule by including all fire related incidents in the Daily Fire Log. Central Lakes College Security Department office maintains a Fire Log of all incidents reported.

This log includes the incident type, date incident is reported, date and time of occurrence, general location of each reported incident type and the disposition of the incident if that information is known. The Campus Security Department posts specific incidents in the Fire Log within two (2) business days of receiving a report of an incident and reserves the right to exclude reports from a log in certain circumstances as permitted by law. The most current (up to 60 days) of information is available in Security Department in C125.

Parkway Apartments Fire Evacuation Procedures

As part of our housing rules and precautionary measures, we have a formalized procedure to follow in the event of a fire at our facility. Please read through this information and make note of your role in such a situation. It is important to safely evacuate and account for everyone living in the housing units.

1. In case of fire, evacuate your apartment/bedroom immediately. Assess your situation. **KNOW WHERE YOUR EXITS ARE & practice your exit routes.** The 2 exits for each apartment are the door and the window. Use whichever avenue is safest and furthest from the fire itself. If there is time, **REMEMBER to close ALL DOORS BEHIND YOU.** This will prevent the spread of smoke and fire within the unit.
2. If you can, try to notify your roommates. Do your best to account for everyone in your apartment. Obviously, do not put yourself in harm's way, but if you are able to make sure all of your roommates are safe, it will be great help to the fire department.
3. Pull the nearest fire alarm in the hallway.
4. Call "911" from a safe, alternative area. **DO NOT CALL FROM THE APARTMENT THAT HAS A FIRE.** Go to a separate building or apartment and notify the fire department as soon as you can. Call the Resident Manager. **DO NOT ASSUME THAT SOMEONE ELSE HAS ALREADY CALLED THE FIRE DEPARTMENT.**
5. Proceed to designated "safe" area. This is very important because we need to account for everybody. At this time, one of the housing staff will be informing the fire department of who is and isn't out of the housing units. **YOUR KNOWLEDGE OF WHO IS HOME AND WHO IS GONE IS CRUCIAL.** It is imperative that everyone congregates at the designated spot. If shelter is necessary you will be escorted to an area next to the front entrance of the college's gymnasium.
 - You would only evacuate the building in which the fire was taking place. The more people at the safe spot, the harder it will be to account for those in immediate danger. If the fire department deems it necessary, they will make the call to evacuate the other buildings.

The same rules/procedures apply in the event of a fire drill. Failure to comply with fire drill or evacuation procedures will result in a lease violation.

The victim, who usually is the owner or person having custody of the property, is directly confronted by the perpetrator and is threatened with force or is put in fear that force will be used. Robbery involves a theft or larceny but is aggravated by the element of force or threat of force.

Sexual Assault

“Sexual assault” means an actual, attempted, or threatened sexual act with another person without that person’s consent. Sexual assault is often a criminal act that can be prosecuted under Minnesota law, as well as form the basis for discipline under student conduct codes and employee disciplinary standards. Sexual assault includes but is not limited to:

1. Involvement without consent in any sexual act in which there is force, expressed or implied, or use of duress or deception upon the victim. Forced sexual intercourse is included in this definition, as are the acts commonly referred to as “date rape” or “acquaintance rape.” This definition also includes the coercing, forcing, or attempting to coerce or force sexual intercourse or a sexual act on another.
2. Involvement in any sexual act when the victim is unable to give consent.
3. The intentional touching or coercing, forcing, or attempting to coerce or force another to touch an unwilling person’s intimate parts (defined as primary genital area, groin, inner thigh, buttocks, or breast).
4. Offensive sexual behavior that is directed at another such as indecent exposure or voyeurism.

Simple Assault - An unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness.

Sex Offenses – Defined

- **Forcible Fondling** - The touching of the private body parts of another person for the purpose of sexual gratification, forcibly and/or against that person's will or not forcibly or against the person's will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental incapacity.

Note: Forcible Fondling includes Indecent Liberties and Child Molesting. Because Forcible Fondling is an element of Forcible Rape, Forcible Sodomy, and Sexual Assault with an Object, it should be reported only if it is the sole Forcible Sex Offense committed against a victim.
