Introduction

Central Lakes College is committed to providing you with a quality education. The faculty, administration and staff are partners with students in this effort. There are many services and resources available to assist you. The following pages contain CLC’s annual compliance and security report. This information is distributed to registered students annually in compliance with several federal and state laws including the Drug-Free Schools and Community Act, the Student Right to Know Act, the Campus Security Act, the Drug-Free Workplace Act, the Violence Against Women Act, and the Family Educational Rights and Privacy Act. This document is available in an alternate format upon request. All students and staff are encouraged to familiarize themselves with these compliance reports. This document contains additional information about topics that contribute to a positive campus environment. If you are interested in viewing CLC statistics, I encourage you to also refer to https://ope.ed.gov/campussafety/#/ or the CLC Security Department web site at http://www.clcmn.edu/security-safety/. If you have any questions about this document, feel free to contact the Campus Security and Emergency Management Coordinator at 218-270-0166.

CLC has a variety of policies and procedures relating to campus security and expressly reserves the right to modify them or adopt additional policies or procedures at any time without notice. Such changes may appear in successive issues of this report.

In 1990, Congress enacted the Crime Awareness and Campus Security Act of 1990 (Title II of Public Law 101-542), which amended the Higher Education Act of 1965 (HEA). This act required all postsecondary institutions participating in HEA’s Title IV student financial assistance programs to disclose campus crime statistics and security information. The act was amended in 1992, 1998, 2000 and 2008. The 1998 amendments renamed the law the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act in memory of a student who was slain in her dorm room in 1986. It is generally referred to as the Clery Act and is in section 485(f) of the HEA.

On March 7, 2013, the Violence Against Women Reauthorization Act of 2013 (VAWA) (Public Law 113-14) was signed into law. VAWA includes amendments to the Clery Act. These changes require institutions to disclose statistics, policies and programs related to dating violence, domestic violence, sexual assault, and stalking, among other changes.

The Central Lakes College Security Department compiles all required information and statistics for this report. Statistics are collected using incident reports and from other reporting authorities including, but not limited to, local law enforcement agencies and officials of Central Lakes College who have significant responsibility for student and campus activities.

Campus Security Authorities and Reporting

Campus Security Authorities (CSA) are required to notify the Security and Emergency Management Coordinator of reportable offenses. CSA Crime Report and Sexual Assault Report forms are available for CSAs by contacting the Security and Emergency Management Coordinator at 218-855-8143 or 218-270-0166. Central Lakes College is required under federal law to report specific criminal offenses to the United States Department of Education as detailed in the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC 1092(f)).

The Security Department coordinates this effort for the College by compiling relevant data for crimes occurring in the following places:

- On-campus buildings
- Residence halls
- Non-campus buildings or non-campus property controlled by the College
- Public property immediately adjacent to and accessible from campus

Crimes within these geographic locations are statistically counted if they are reported to local police agencies, the Security Department, or to a Campus Security Authority.

The Department of Education defines a Campus Security Authority as “any official of the [college] who has significant responsibility for students and campus activities, and includes but is not limited to individuals in
departments such as: College Administrators, Campus Security, Registrar, Student Organization/Club Advisors, Student Life Director and Coaches.

It is the policy of Central Lakes College to report all criminal activity to the Brainerd or Staples Police Department by reporting incidents directly to their office or to the Security Department. All crimes or potential crimes that are reported
to the campus Security Department will be forwarded to the Brainerd or Staples Police Department. It is also Central
Lakes College’s position that all campus community members are responsible for reporting any criminal activity they
become aware of to Security Department, (Brainerd Campus C125 (218) 828-6050), or the Brainerd Police
Department (218) 829-2805 or Staples Police Department (218) 894-1841, or emergency 911 (on campus phone).

Central Lakes College urges all campus entities that are excluded from mandatory reporting, such as professional
mental health counselors and pastoral counselors, to advise clients who are victims of crime to report those incidents
to campus or local law enforcement authorities, and to report confidential information used strictly for statistical
purposes to the Security Department.

Central Lakes College publishes the Annual Security Report each year by October 1. Given the ongoing COVID-19
pandemic, the Department of Education (DOE) extended the deadline for institutions to distribute their Annual Security
Report (ASR) to January 14, 2021. The report is distributed to all potential students on the college application form
and prospective employees on the job announcement via direct link to the report. All current students, faculty and staff
are sent an email that briefly describes the report and contains the exact Internet address where it can be found.
Printed copies of the report are available, at no cost, upon request from the Director of Security and Emergency
Management.

Geography

Pursuant to the Act, the Security Department monitors criminal activity and publishes this report containing a three-
year statistical history of select crimes or incidents that occur. The statistics are gathered from four specific geographic
areas; 1) campus, 2) residence halls (subset of campus if applicable), 3) non-campus property or institution sanctioned
buildings or property and 4) public property that is adjacent to campus, and are submitted on an annual basis to the
U.S. Department of Education.

The following definitions are taken from the Higher Education Act of 1965, 485(f) (20 U.S.C. 1092(f)), the “Jeanne
Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act”, and are used to classify the locations
listed in the Central Lakes College Crime Statistics.

**Campus:** The term “campus” means 1) any building or property owned or controlled by an institution of higher
education within the same reasonably contiguous geographic area of the institution and used by the institution in direct
support of, or in a manner related to, the institution’s educational purposes, including residence halls; and 2) property
within the same reasonably contiguous geographic area of the institution that is owned by the institution but controlled
by another person, is used by students, and supports institutional purposes (such as a food or other retail vendor).

**Non-Campus Building or Property:** The term “non-campus building or property” means 1) any building or property
owned or controlled by an institution; and 2) any building or property (other than a branch campus) owned or controlled
by an institution of higher education that is used in direct support of, or in relation to, the institution’s educational
purposes, is used by students, and is not within the same reasonably contiguous geographic area of the institution.

**Public Property:** The term “public property” means all public property that is within the same reasonably contiguous
geographic area of the institution, such as a sidewalk, a street, other thoroughfare, or parking facility, and is adjacent
to a facility owned or controlled by the institution if the facility is used by the institution in direct support of, or in a
manner related to the institution’s educational purposes.

**On Campus Residential:** Central Lakes College Foundation owns the Parkway Apartments located at 1203 and
1204 W. Campus Drive. The property is managed by Bluffstone.

**Brainerd Campus**
In the above map, the area outlined encompasses the reporting area for Central Lakes College, Brainerd Campus. This area includes Parkway Apartments, the Mississippi River boundaries, and the streets and sidewalks running through and adjacent to the campus. These inclusions are separated out in the crime statistics and make up the “On Campus Property”, “Public Property” “On Campus Residential” and “Non-Campus” Property categories.

- Greenhouse 501 West College Drive, Brainerd, MN 56401
- Annie’s Child Care and Learning Center 501 West College Drive, Brainerd, MN 56401

**On Campus Residential:**

The Security and Emergency Management Coordinator serves as the primary liaison with all law enforcement agencies for security issues occurring on campus. When such incidents occur, the Security and Emergency Management Coordinator or designee will determine the proper means of communicating these concerns to the campus community. The following media methods are used to inform the campus about security issues, to report to the campus community crimes considered to be an immediate threat to students and employees, and to encourage students and employees to be responsible for following stated security procedures and practices: Star Alert Emergency Notification System, Alertus Notification System for all logged in computer monitors, campus-wide e-mail, social media, college digital monitors, and/or posted announcements.

Emergency Response and Timely Warning

Central Lakes College is required by policy and fire code to have evacuation and emergency operations plans in place. Evacuation plans and emergency procedures can be found posted in every classroom and strategically posted throughout all CLC campuses. Central Lakes College also has a current Emergency Operations Plan based on the all-hazards concept, incorporating the National Incident Management System, and coordinated with the system office and local emergency response agencies. This plan is used to respond to any level of emergency impacting Central Lakes College and outlines the responsibilities and actions necessary to protect life, property, and the environment. Some of the processes and procedures are included in this report.

Regularly scheduled drills, exercises, and appropriate follow-through activities designed for assessment and evaluations of emergency plans and capabilities are completed throughout the year. The testing of the “Star Alert” text messaging system is conducted once each semester by the College Security Office. Any failures are identified and addressed immediately. Results of these tests are available by request to the College Security Office located in C125.
Fire/evacuation drills are conducted each fall in all academic buildings. The Emergency Operations Team also meets regularly to review and create necessary emergency procedures and conduct tabletop exercises.

Emergency Response: Central Lakes College will immediately notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health and safety of students, faculty or staff occurring on campus. Central Lakes College has numerous systems in place for communicating information quickly. Some or all of these methods of communication may be activated in the event of an immediate threat. These methods of communication include but are not limited to:

Active messaging: Central Lakes College has the ability to address the campus through a public address system that covers all interior campus offices, classrooms, and public spaces. In addition, logged in computer monitors display visual warnings via Alertus Messaging system.

Passive messaging: Central Lakes College will provide emergency information via the main web page. The administration will use campus wide mass email and any other available media such as digital signs to disseminate emergency notifications to students, faculty, and staff. Twitter, Instagram, Snap Chat and Facebook social media platforms will also be used to disseminate emergency notification either individually or through the Star Alert system.

Individual messaging: Central Lakes College utilizes an emergency notification system branded Star Alert, provided by Blackboard Connect, which disseminates emergency notification through SMS text, direct phone calls and email, at the selection of the recipient. This is an opt-out system.

Upon enrollment or hiring, students/faculty/staff are automatically enrolled in the system using their Star ID to associate them with Central Lakes College. Students, faculty, and staff are sent an email, activating their account and encouraging them to enter additional phone and/or cell numbers, email addresses and selecting other deliver options for receiving emergency notifications.

For additional information on access, issues concerning individual accounts or other questions contact: Security and Emergency Management Coordinator at (218) 270-0166 or email at Joy.Larson@clcmn.edu.

Central Lakes College, upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health and safety of students or employees occurring on campus:

1. A Central Lakes College official will verify that a legitimate emergency or dangerous situation exists, even if all the pertinent details are not known or are available at the time.
2. Central Lakes College officials, in coordination with and at the advice of local first responders, will determine the appropriate segment(s) of the campus community to receive notification.
3. Central Lakes College will, without delay, and taking into account the safety of the community, determine the content of the notification, unless issuing a notification will, in the professional judgement of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.
4. Central Lakes College encourages accurate and prompt reporting of all crimes to the security department and the appropriate police agencies, when the victim of a crime is unable to do so, due to physical or mental incapacitation to make such a report.

Central Lakes College-Brainerd Campus: In the event of an emergency involving fire, tornado, hazardous materials calling for immediate evacuation or an active-shooter scenario, the “Star Alert” and Alertus System and/or the Public Address System will be used to immediately notify people on the campus of the emergency. The appropriate message would be broadcast through this system, mandating appropriate actions be taken by people on the Brainerd Campus.

All Central Lakes Staples Campuses-In the event of a fire emergency, the fire alarm system would be activated, by a white flashing light being exhibited and the appropriate message indicating a fire emergency has occurred, would be broadcast. If a tornado, hazardous materials spill calling for immediate evacuation or an active-shooter emergency
occurs, the respective Information Centers would broadcast, through a public address system or a mega-phone system, the appropriate message calling for whatever action needs to be followed by people on the respective campus where this emergency is happening.

Upon completion of the immediate, emergency on-campus notification the Central Lakes College Security and Emergency Management Coordinator, the Incident Commander or their designee will continue the notification process as is deemed appropriate for the incident. This notification process may include any or all of the following actions:

- Any member of the Emergency Operations Team, who is tasked will send a Star Alert System voice and text message to all contacts.
- The Central Lakes College Public Information Officer will send a campus-wide e-mail message to all student e-mail addresses.
- Administrative Support Personnel from the Emergency Operations Team will send a campus-wide e-mail message to all Brainerd and Staples Faculty and Staff personnel.
- Administrative Support Personnel from the Emergency Operations Team will send emergency information to all members of the Central Lakes College Emergency Operations Team.
- As deemed appropriate by the Emergency Operations Team, the Public Information Officer will contact local radio stations and send out a public broadcast to the general public.

Additional Notification and Updates from an on-campus emergency scene:
It is anticipated that initial notifications to the general public will be the responsibility of the Brainerd or Staples Police Departments, upon their receipt of this type of emergency situation occurring on Central Lakes College Property. However, it is recognized that any number of circumstances may cause this responsibility to fall to the President's Office or his or her designee, or the Central Lakes College Public Relations Officer or his or her designee, or another designated office. Additional messages may be released as the incident or situation dictates and as time permits.

Central Lakes College after ensuring that local first responders are notified, will activate the active messaging system to provide emergency notification to the campus community. An immediate Star Alert containing pertinent emergency notification and information will be disseminated. Other passive and individual messaging will provide redundant and detailed emergency information as soon as reasonably possible.

Central Lakes College will test the emergency response and evacuation procedures annually in accordance with this policy and applicable state and federal regulations. Tests may be announced, or unannounced and emergency response and evacuation procedures will be publicized in conjunction with at least one test per calendar year. Central Lakes College also conducts Tornado Drills annually in accordance with the National Weather Service Severe Weather Awareness Week. Results of each test will be documented and include a description of the exercise, the date, time, and whether it was announced or unannounced. The Security and Emergency Management Coordinator is responsible for maintaining documentation of each exercise and keeps a record of the outcomes of each event. Records for all Clery related requirements are maintained for seven years and are available upon request.

Timely Warning
Central Lakes College will issue a timely warning for all Clery Act crimes reported to Campus Security Authorities or local police agencies and considered by Central Lakes College officials to represent a serious or continuing threat to students, faculty, and staff. Timely warning will not be limited to violent crimes or crimes against persons and may include crimes against property or other types of serious or continuing threats.

Issuance of a Timely Warning is determined on a case-by-case basis. Factors included are the nature of the crime or threat, the continuing danger to the campus community and the possible risk of compromising law enforcement efforts. Central Lakes College will consult with local law enforcement and other officials when determining the need and content of any Timely Warning.

The intent of a Timely Warning is to enable the campus community to protect themselves and will include all information that would promote safety and aid in the prevention of similar crimes or protection from specific threats. Timely Warnings will be disseminated using the Star Alert text and email features, campus email system, or any other passive or individual method of notification to students, faculty, and staff.

Daily Crime Log

Central Lakes College has a Security Department and therefore maintains a written daily crime log. The crime log records by date the crime reported, any crime that occurred within the institutions designated Clery geography and that is reported to the Security Department. The information in the crime log contains the nature, date, time and general location of each crime and disposition of the complaint, if known. Central Lakes College MUST make an entry or an addition to an entry to the log within two business days of the report of the information to Security Department unless that disclosure is prohibited by law or would jeopardize the confidentiality of the victim.

The institution may withhold information required under 34-CFR-668.46 (f) (1) if there is clear and convincing information that the release of the information would:

1) Jeopardize an ongoing criminal investigation or the safety of an individual,
2) Cause a suspect to flee or evade detection, or
3) Result in the destruction of evidence.

Central Lakes College must disclose any information withheld once the adverse effect described above is no longer likely to occur. The institution can withhold only that information that would cause the adverse effect.

The Security Department makes the crime log for the most recent 60-day period open to public inspection during normal business hours, 7 am to 10 pm weekdays. Central Lakes College must also make any portion of the crime log, older than 60 days available within two business days or a request for inspection. All requests must be made through the Security and Emergency Management Coordinator, Security Department 501 W. College Drive. Brainerd, MN 56401. The Daily Crime log for the Staples Campus is available at the front desk and is available between 8:00 am to 4:30 pm Monday through Friday.

As a result, (Central Lakes College) issues this statement of policy to inform the community of our comprehensive plan addressing sexual misconduct, educational programs, and procedures that address sexual assault, domestic violence, dating violence, and stalking, whether the incident occurs on or off campus and when it is reported to a (Central Lakes College) official. In this context, Central Lakes College prohibits the offenses of domestic violence, dating violence, sexual assault and stalking and reaffirms its commitment to maintain a campus environment emphasizing the dignity and worth of all members of the university community.

For a complete copy of (Central Lakes College’s) policy governing sexual misconduct, visit http://minnstate.edu/board/policy/1b03.html and http://minnstate.edu/board/procedure/1b03p1.html
Definitions: The following definitions apply:

Consent: is informed, freely given and mutually understood. If coercion, intimidation, threats, and/or physical force are used, there is no consent. If the complainant is mentally or physically incapacitated or impaired so that the complainant cannot understand the fact, nature, or extent of the sexual situation, there is no consent; this includes conditions due to alcohol or drug consumption, or being asleep or unconscious. Silence does not necessarily constitute consent, and past consent of sexual activities does not imply ongoing future consent. Whether the respondent has taken advantage of a position of influence over the complainant may be a factor in determining consent.

Sexual Assault: an offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI’s Uniform Crime Reporting system. A sex offense is any actual, attempted, or threatened sexual act directed against another person, without the consent of the victim, including instances where the victim if incapable of giving consent. Sexual assault is often a criminal act that can be prosecuted under Minnesota law, as well as form the basis for discipline under Minnesota State student conduct codes and employee disciplinary standards.

Sexual assault includes but is not limited to:

1. Involvement without consent in any sexual act in which there is force, expressed or implied, or use of duress or deception upon the victim. Forced sexual intercourse is included in this definition, as are the acts commonly referred to as "date rape" or "acquaintance rape." This definition also includes the coercing, forcing, or attempting to coerce or force sexual intercourse or a sexual act on another.
2. Involvement in any sexual act when the victim is unable to give consent.
3. Intentional and unwelcome touching, or coercing, forcing, or attempting to coerce or force another to touch a person's intimate parts (defined as primary genital area, groin, inner thigh, buttocks, or breast).
4. Offensive sexual behavior that is directed at another such as indecent exposure or voyeurism.

Rape: is defined as the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

Fondling: is defined as the touching of the private parts of another person for the purposes of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

Incest: is defined as sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

Statutory Rape: is defined as sexual intercourse with a person who is under the statutory age of consent.

Domestic Violence: The term “domestic violence” means felony or misdemeanor crimes of violence committed—
1. By a current or former spouse or intimate partner of the victim.
2. By a person with whom the victim shares a child in common.
3. By a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner.
4. By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or
5. By any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

Dating Violence: The term “dating violence” means violence committed by a person – who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be based on the reporting party’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. For the purposes of this definition, Dating Violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence. Any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

Stalking: The term “stalking” means engaging in a course of conduct directed at a specific person that is
unwanted, unwelcome, or unreciprocated; and that would cause a reasonable person to fear for the person’s safety or the safety of others; or suffer substantial emotional distress.

Course of conduct means two or more acts, including, but not limited to, acts which the stalker directly, indirectly, or through third parties, by any action, method, device, or means follows, monitors, observes, surveils, threatens, or communicates to or about, a person, or interferes with a person’s property.

1. Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.
2. Reasonable persons mean a reasonable person under similar circumstances and with similar identities to the victim.

Any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

Central Lakes College engages in comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to end dating violence, domestic violence, sexual assault, and stalking. Central Lakes College has developed an annual educational campaign consisting of presentations that include distribution of educational materials to new students and participating in and presenting information and materials during new employee orientation. Primary prevention and awareness programs are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research, or assessed for value, effectiveness, or outcome. Environmental risk and protective factors are considered as they occur on the individual, relationship, institutional, community and societal levels.

**Procedures for Reporting a Complaint:** Central Lakes College has procedures in place that serve to be sensitive to those who report sexual assault, domestic violence, dating violence, and stalking, including informing individuals about their right to file criminal charges as well as the availability of counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance and other services on and/or off campus as well as additional remedies to prevent contact between a complainant and an accused party, such as housing, academic, transportation and working accommodations, if reasonably available. Central Lakes College will make such accommodations, if the complainant requests them and if they are reasonably available, regardless of whether the complainant chooses to report the crime to the Central Lakes College Security Department or local law enforcement. The following is the procedure students, faculty, staff, or guests of Central Lakes College should follow:
1. Every attempt is made to maintain the anonymity of the sexual assault complainant. Every attempt will be made not to release names to the media. Unless requested by the sexual assault complainant, names and addresses of sexual assault complainants are not released to the Brainerd or Staples Police Department. The Title IX Officer and/or the Security and Emergency Management Coordinator will attempt to provide support and resources for the sexual assault complainant. Each report of sexual assault will be investigated to provide better protection to the alleged victim of a sexual assault and all members of the campus community. Sexual assault complainants should be aware of the need of the college to release information regarding the fact that an assault has occurred for the protection and safety of the complainant and others. A guiding principle in the reporting of sexual assault is to avoid re-victimizing the sexual assault survivor by forcing the person into any plan of action.

2. The Office of Equity & Inclusion (Title IX) will be the office of official record for reports of sexual harassment and sexual violence.

3. Sexual assault complainants have the right to have reports made anonymously (third-party) to Central Lakes College, via the anonymous option in the Campus Eye Reporting Software, via the campus Sexual Violence webpage noted above or through the Brainerd or Staples Police Department. The Title IX and/or Campus Security may provide resources to the complainant in making this report if they so wish. In these situations, the name of the complainant will not be forwarded. Third-party reports may prevent the college and the Brainerd or Staples Police Department from actively investigating the criminal activity.

4. The CLC Title IX Office in collaboration with the Security and Emergency Management Coordinator shall maintain current Memorandum of Understandings specific to addressing sexual violence, with Brainerd, Baxter, and Staples Police Departments.

5. If the Vice President of Academic & Student Affairs or Director of Human Resources in conjunction with the CLC Title IX and Security and Emergency Management Coordinator and the Brainerd or Staples Police Department determines that a threat continues to exist for the community, information about the reported sexual assault will be reported to the campus community whether reported by a sexual assault survivor or through a third-party report. As much detail as possible regarding location, date and time of the assault, and any information, which might help identify the assailant will be reported. The Title IX Officer in collaboration with the Security and Emergency Management Coordinator will inform the campus community of reported sexual assaults by appropriate notices, radio station, and/or the local media. CLC will take appropriate action to safeguard the complainant.

6. Each report will be taken as presented by the complainant. Appropriate criminal classifications will be determined after a review of all facts by the Brainerd or Staples Police Department personnel, (if the complainant chooses to file a report with the police.)

7. The college will take appropriate action to safeguard the alleged victim. The college will create a safety plan in collaboration with the complainant, which might entail changing class schedules, addressing housing concerns, if the incident occurred at the CLC Foundation owned apartments.

8. In addition to respecting the rights of the complainant, the college will protect the rights of the alleged perpetrator. Due process is required throughout the investigation and post investigation process for both parties.

9. When a complainant does not consent to the disclosure of his or her name or other identifiable information to the alleged perpetrator/respondent, the college’s ability to respond to the complaint may be limited. The college will normally not take any disciplinary action unless it is determined that there is a clear violation, policies and procedures have been followed and/or there is a clear danger to the victim or college community.
If You Are the Victim of a Sexual Assault

First and foremost, go to a safe place.

**Reporting options:**

**Online reporting:** [https://mycampuseye.com/web/D7C6](https://mycampuseye.com/web/D7C6) Anonymous reporting is available.

Central Lakes College designated ‘Confidential Employee; is the campus counselor, Suzie Karsnia, 218-855-8015, room C164, located on the Brainerd Campus.

**CLC Title IX Officer:** Mary Sam, Title IX Coordinator, 218-855-8159, room E132 located in The Bridge on the Brainerd Campus.

**Central Lakes College Campus Security Department:**
If you are on the Brainerd campus, contact Security at 218 828-6050, or if you are on the Staples Campus, you are encouraged to contact the Security and Emergency Management Coordinator at 218 855-8143 or 218 270-0166.
Even if you do not want to file a report, the Security Department, or representative, will arrive on scene and ensure your safety. Your safety is our priority. The Security Office is in room C125 on the Brainerd Campus. If you would like to file a report with the college, contact Security at 218 828-6050 (Brainerd Campus) or 218 855-8143 (Staples Campus) or stop by C125 (Brainerd Campus), even if the assault did not occur recently. A member of the Security Office will interview you to gather your statement. CLC Title IX Office must and will investigate reports of sexual violence. Your report must be forwarded to the campus Title IX Office by Campus Security. You may also report the incident to any college employee, however all college employees who are designated as campus security authorities have a duty to report knowledge of incidents of sexual violence to the Security and Emergency Management Coordinator and Title IX Officer. You may still request confidentiality. Timely and prompt reporting of a crime of sexual violence within 72 hours is critical in preserving evidence important in proving a criminal case against the assailant. If you have been the victim of a sexual assault do not bathe, brush your teeth, use the toilet, or change clothing.

In Minnesota, evidence may be collected even if you chose not to make a report to law enforcement. Evidence collected during a medical forensic exam will only be tested if a report is made to law enforcement.

Under Minnesota law, the county in which the sexual assault or rape occurred is responsible for the cost of collecting evidence during your medical forensic examination. The county must pay regardless of whether you report to law enforcement. After your medical forensic examination has been performed, the county may be reimbursed from your insurance with your permission. Counties must obtain your approval prior to billing your insurance. Whether or not the county uses your insurance is your choice. It is important that a victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred/or is occurring or may be helpful in obtaining a protection order. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted disease.

Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful to Central Lakes College investigators or police. Although Central Lakes College strongly encourages all members of its community to report violations of this policy to law enforcement, it is the victim’s choice whether or not to make such a report and victims have the right to decline involvement with the police. Central Lakes College will assist any victim with notifying local police if they so desire. Brainerd Police Department may also be reached directly by calling 218 829-2805, in person at 225 E River Rd, Brainerd, MN 56401. Staples Police may also be reached directly by calling (218) 894-1841, in person at 301 2nd Ave NE, Staples, MN 56479.

If you have been the victim of a sexual assault, you should seek medical attention immediately, even if you do not want to report the incident to the police. Two options for medical attention are:
Essentia Health and Lakewood Health employ skilled Emergency Department personnel, who are available to perform a sexual examination. This service is available 24 hours a day 7 days a week. Forensic exams are paid for by the county in which the assault was committed.

Further evaluate and document any injuries (if you have injuries that require treatment, the nurse will ask the emergency department staff to evaluate and treat your injuries; this examination is separate from the one done to collect evidence), and provide you with resources to help during your recovery. This will include advocate services, agencies for medical follow-up, information about reporting this crime to law enforcement, information about the Crime Victims Reparations Fund and many other resources.

Campus Security has information on additional local resources available to victims of sexual violence. To reduce contact between complainant and the alleged assailant, the College will, upon request, attempt to provide a change in classes if the accommodation is reasonably available. Requests to arrange for a change in class schedule can be made to the Title IX Officer. Changes in campus housing requests can be made to the Title IX Officer. The complainant has the right to petition for an Order for Protection (OFP) or a Harassment Restraining Order (HRO). Campus Security has information available on how to file for and request an OFP or HRO. The Security Department will assist in the enforcement of all lawful OFPs and HROs. If an OFP or HRO is issued complainants are encouraged to file a copy with the CLC Security Department and Title IX Officer. If a report of domestic violence, dating violence, sexual assault or stalking is reported to the institution, below are the procedures that the institution will follow as well as a statement of the standard of evidence that will be used during any judicial hearing on campus arising from such a report:
Central Lakes College Security Department, when informed of an alleged incident of sexual violence, shall promptly assist the complainant, as requested. Central Lakes College will:

1. Provide complainant with written information to access medical care, depending on when reported (immediate vs. delayed report).
2. Assess immediate safety needs of complainant.
3. Assist complainant with contacting local police if complainant requests and provide contact information for local police department.
4. Provide complainant with referrals to on and off campus mental health providers.
5. Assess need to implement interim or long-term protective measures, such as housing changes, change in class schedule, or “No Contact” directive between both parties.
6. Provide a “No Trespass” directive to accused party, if deemed appropriate.
7. Provide written instructions on how to apply for an Order of Protection.
8. Provide a copy of the Sexual Violence Policy to complainant and inform the complainant regarding timeframes for inquiry, investigation, and resolution.
9. Inform the complainant of the outcome of the investigation, whether the accused will be administratively charged and what the outcome of the hearing is.
10. Enforce the anti-retaliation policy and take immediate and separate action against parties that retaliate against a person for complaining of sex-based discrimination or for assisting in the investigation.

When appropriate, Central Lakes College may pursue legal action against a respondent, including, but not limited to, trespass or restraining orders, in addition to disciplinary action under the applicable student or employee conduct standard.

Assistance for Victims - Rights and Options: Regardless of whether a victim elects to pursue a criminal complaint or whether the offense is alleged to have occurred on or off campus, Central Lakes College will assist victims of sexual assault, domestic violence, dating violence, and stalking and will provide each victim with a written explanation of their rights and options. In Minnesota, a victim of domestic violence, dating violence, sexual assault or stalking has the following rights:

1. Be informed of prosecutor’s decision to decline prosecution or dismiss the case along with information about seeking a protective or harassment order at no fee.
2. Protection against employer retaliation for victims to take reasonable time off to attend order for protection or harassment restraining order proceedings.
3. Domestic abuse victims can terminate a lease without penalty.
4. Sexual assault victims can make a confidential request for HIV testing of a convicted offender.
5. Sexual assault victims do not have to pay the cost of a sexual assault examination.
6. Sexual assault victims may not be required to undergo a polygraph examination for an investigation or prosecution to proceed.

Further, Central Lakes College complies with Minnesota law in recognizing Orders of Protection and Harassment Restraining Orders. To reduce contact between complainant and the alleged assailant, the College will, upon request, attempt to provide a change in classes if the accommodation is reasonably available. Requests to arrange for a change in class schedule can be made to the Title IX Officer. The complainant has the right to petition for an Order for Protection (OFP) or a Harassment Restraining Order (HRO). Any person who obtains an order of protection from Minnesota or any reciprocal state (Under VAWA’s full faith and credit provision, every state must recognize and enforce protection orders issued in other states, as if issued in the enforcing state) should provide a copy to Central Lakes College Security Department and the Office of the Title IX Coordinator. A complainant may then meet with the Central Lakes College Title IX Officer and Security Department to develop a Safety Action Plan, which is a plan for campus officials and the victim to reduce risk of harm while on campus or coming and going from campus. This plan may include, but is not limited to escorts, special parking arrangements, changing classroom location or allowing a student to complete assignments from home, etc.) Central Lakes College cannot apply for a legal order of protection, no contact order or restraining order for a victim from the applicable jurisdiction(s). The victim is required to apply directly for these services. Protection from abuse orders may be available through the local county court at no cost. Central Lakes College may issue an institutional no contact order if deemed appropriate or at the request of the victim or accused. To the extent of the victim’s cooperation and consent, Central Lakes College offices will work cooperatively to ensure that the complainant’s health, physical safety, work and academic status are protected,
pending the outcome of a formal investigation of the complaint. If reasonably available, a complainant may be offered changes to academic, living, or working situations in addition to counseling, health services, visa and immigration assistance and assistance in notifying appropriate local law enforcement. Additionally, personal identifiable information about the victim will be treated as confidential and only shared with persons with a specific need to know who are investigating/ adjudicating the complaint or delivering resources or support services to the complainant (for example, publicly available record-keeping for purposes of Clery Act reporting and disclosures will be made without inclusion of identifying information about the victim, as defined in 42 USC 1395 (a) (20).) Further, Central Lakes College will maintain as confidential, any accommodations or protective measures provided to the victim to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

**Bystanders:** Bystanders play a critical role in the prevention of sexual and relationship violence. They are individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it. We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not
always know what to do even if we want to help. Below is a list of some of the ways to be an active bystander. If you or someone else is in immediate danger, call 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

1. Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are OK.
2. Confront people who seclude, hit on, and/or try to make out with, or have sex with people who are incapacitated.
3. Speak up when someone discusses plans to take sexual advantage of another person.
4. Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
5. Refer people to on or off campus resources listed in the Annual Security Report or other resources for support in health, counseling, or with legal assistance.

Reducing the Risk of Sexual Assault: You can reduce the chances of sexual assault by doing the following:
1. Be aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
2. Try to avoid isolated areas, it is more difficult to get help if no one is around.
3. Walk with purpose. Even if you do not know where you are going, act like you do.
4. Trust your instincts. If a situation or location feels unsafe or uncomfortable, it probably is not the best place to be.
5. Try not to load yourself down with packages or bags as this can appear more vulnerable.
6. Make sure your cell phone is with you and charged and that you have cab money.
7. Do not allow yourself to be isolated with someone you don’t trust or someone you don’t know.
8. Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.
9. When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you find a way out of a bad situation.
10. Trust your instincts. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (call 911).
11. Do not leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you have left your drink unattended, just get a new one.
12. Do not accept drinks from people you do not know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, do not drink from the punch bowls or other large, common open containers.
13. Watch out for your friends, and vice versa. If a friend seems out of it, is way too intoxicated for the amount of alcohol they have had, or is acting out of character, get him or her to a safe place immediately.
14. If you suspect you or a friend has been drugged, contact law enforcement immediately. Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).
15. If you need to get out of an uncomfortable or scary situation here are some things that you can try:
   a. Remember that being in this situation is not your fault. You did not do anything wrong; it is the person who is making you uncomfortable that is to blame.
   b. Be true to yourself. Do not feel obligated to do anything you do not want to do. “I don’t want to” is always a good enough reason. Do what feels right to you and what you are comfortable with.
   c. Have a code word with your friends or family so that if you do not feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come and get you or make up an excuse for you to leave.
   d. Lie. If you do not want to hurt the person’s feelings it is better to lie and make up a reason to leave that to stay and be uncomfortable, scared, or worse. Some excuses you could use are needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.
16. Try to think of an escape route. How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
17. If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgement before doing anything you may regret later.
Complainants’ rights: are as follows:

1. Complainants have the right to file criminal charges with local law enforcement officials in any sexual assault case.
2. They have all the rights under the crime victims bill of rights, Minn. Stat. §§ 611A.01 – 611A.06, including the right to assistance from the Crime Victims Reparations Board and the commissioner of public safety.
3. Complainants are afforded the availability of prompt assistance from campus officials, upon request, in notifying the appropriate campus investigating authorities and law enforcement officials, and, at the direction of law enforcement authorities, assistance in obtaining, securing, and maintaining evidence in connection with a sexual violence incident.
4. Campus Security Authorities/Title IX Office will assist in preserving for a sexual violence complainant material relating to a campus disciplinary proceeding.
5. Complaints of incidents of sexual violence made to campus security authorities must be promptly and appropriately investigated and resolved.
6. Upon a sexual assault complainant’s request, Central Lakes College will act to prevent unwanted contact with the alleged assailant, including, but not limited to, transfer of the complainant and/or the respondent to alternative classes, or to a work site or to alternative college-owned housing, if such alternatives are available and feasible. Any accommodations or protective measures provided to the victim will be maintained in confidence, to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.
7. Upon the request of the complainant, students who report sexual assaults to Central Lakes College and subsequently choose to transfer to another college or university will be provided with information about resources for victims of sexual assault at the college or university to which the complainant is transferring.

Investigation and Disciplinary Procedures

Investigations and disciplinary procedures will be conducted by Central Lakes College officials who, at a minimum, receive annual training on the issues related to dating violence, domestic violence, sexual assault, and stalking and on how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability. Central Lakes College officials who conduct investigations and disciplinary procedures will not have any bias or conflict of interest toward either the accuser or the accused.

Procedures used in response to a complaint of sexual violence should avoid requiring complainants to follow any plan of action, to prevent the possibility of re-victimization. The process will be respectful of the needs and rights of all individuals involved and they will be treated with dignity. It is never assumed or suggested that the complainant was at fault for the sexual assault or should have behaved differently to prevent the assault. All proceedings will be acted on promptly and conducted within reasonable timeframes. The process will allow for extensions of those timeframes for good cause with written notice to the complainant and the respondent of the delay and the reason for the delay. The process will be consistent with these policies and transparent to the complainant and the respondent. Student complainants and respondents will have the same opportunity to have an appropriate support person or advisor present at any interview or hearing, in a manner consistent with the governing procedures and applicable data practices law. Employees have the right to representation consistent with the appropriate collective bargaining agreement or personnel plan. All procedures will be conducted in accordance with applicable due process standards and privacy laws. The complainant and respondent will simultaneously be informed, in writing, of the investigation to be conducted, the outcome or determination of findings, in a timely manner, as permitted by applicable privacy law. Outcomes will be based on a preponderance of evidence standard, meaning that it is more likely than not that the policy, procedure, or code has been violated. The past sexual history of the complainant and respondent are deemed irrelevant except as that history may directly relate to the incident being considered. A respondent’s use of any drug, including alcohol, judged to be related to an offense may be an exacerbating rather than mitigating circumstance.

Central Lakes College takes allegations of sexual violence very seriously and recognizes the consequences such allegations may have on a respondent as well as the complainant. Any individual who knowingly provides false information regarding the filing of a complaint or report of sexual violence, or who provides false information during the
investigation of such a complaint or report, may be subject to discipline or, under certain circumstances, legal action. Complaints of conduct that are found not to violate policy are not assumed to be false.

If a complainant no longer desires to pursue a complaint through Central Lakes College proceeding, Central Lakes College reserves the right to investigate and resolve the complaint as it deems appropriate. Central Lakes College reserves discretion whether to pursue alleged violations of policy under appropriate circumstances, including, but not limited to, a determination that an effective investigation is not feasible because of the passage of time, or because the respondent is no longer a student or employee of Central Lakes College.

Investigation, determination, disciplinary steps include:
- Interview complainant
- Establish safety measures if needed
- Provide campus and community resources to complainant
- Provide complainant with a copy of the 1B.3 Policy and Procedures
- Provide complainant with a copy of the letter alerting them to the investigation process moving forward
- Provide respondent with a copy of the letter alerting them to the investigation process, resources available to them and a copy of the 1B.3 Policy and Procedures
- Conduct investigation in a timely manner
- Notify all parties of the findings of the investigation and provide all parties with a copy of the campus appeals procedures
- Implement sanctions if a determination of findings of a policy violation occurred

Campus disciplinary action in alleged sex offenses

A. Procedure:
The college disciplinary process in alleged sexual offences will follow the 1B.3.1 Sexual Violence Procedures in conjunction with the 1B.1.1 Policy Procedures Student Conduct Policy 3.6. (links below). For the college to address behavior through the Student Conduct System, a complaint must be filed with the campus Title IX or Security Office (verbally or in writing). Any criminal complaint is reported to Campus Security and the local law enforcement center for investigation. Complaints of acts of sexual violence, assault, or abuse, such as rape, acquaintance rape, or forms of non-consensual sexual activity are criminal behaviors and will be investigated by the campus. These acts will be swiftly investigated and will subject an individual to complaints and disciplinary sanctions under the System’s Nondiscrimination/Harassment/Violence Policies or the College’s Student Conduct Code as well as referral to appropriate law enforcement agencies. See Victim’s Rights, Minnesota State Statutes Section 135A.15 Rights of Accuser and the accused regarding witness/advisors. Both the complainant and the respondent have the right to have an advocate present throughout the investigation process. However, the advocate cannot speak in their place.

B. Outcomes:
Both the complainant and respondent will be informed of the outcomes of any campus disciplinary proceeding concerning the complaint of a sexual offense according to Minnesota Government Data Practices, Minn. Stat. Ch. 13. This information should not be disclosed to the public generally.

C. Sanctions:
Students found guilty of violations of serious cases, such as rape and other sexual offenses are subject to disciplinary action including, but not limited to, suspension or expulsion. Minnesota State Board Policy 1B.3, in accordance with System Procedure 1B.1.1 or Board Policy 3.6:

Central Lakes College may, at any time during the report/complaint process, reassign or place on administrative leave an employee alleged to have violated Board Policy 1B.3, in accordance with the procedures in System Procedure 1B.1.1. Such action must be consistent with the applicable collective bargaining agreement or personnel plan.

Central Lakes College may summarily suspend or take other temporary measures against a student alleged to have committed a violation of Board Policy 1B.3, in accordance with System Procedure 1B.1.1 or Board Policy 3.6.

Sanctions that may be imposed if a finding is made that sexual violence has occurred include, but are not limited to, suspension, or expulsion of students, or termination from employment for employees. The appropriate sanction will be determined on a case-by-case basis, considering the severity of the conduct, the student’s or employee’s previous disciplinary history, and other factors as appropriate. Witnesses or victims who report in good faith an incident of sexual violence will not be sanctioned by Central Lakes College for admitting in the report to a violation of the student conduct policy on the use of alcohol or drugs.

Actions by a student or employee intended as retaliation, coercion, discrimination, reprisal, or intimidation against an individual for making a complaint or participating in any way in a report or investigation under this policy are prohibited and are subject to appropriate disciplinary action.

In accordance to the “Campus Sex Crimes Prevention Act” of 2000, which amends the Jacob Wetterling Crimes against Children and Sexually Violent Offender Registration Act, the Jeanne Clery Act, section 121 of the Adam Walsh Child Protection and Safety Act of 2006, and the Family Education Rights and Privacy Act of 1975, the Central Lakes College Security Department is providing a link to the Minnesota Sex Offender Registry. This act requires institutions of higher education issue a statement advising the campus community where law enforcement information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice of each institution of higher education in the State at which the person is employed, carries a vocation or is a student.

The Minnesota Level 3 Sex Offender registry is available via Internet. Information regarding Level 3 sex offenders can be found here and information regarding Level 2 offenders is available at the Brainerd and Staples Police Department.

The Security and Emergency Management Coordinator and Title IX Officer will meet at the beginning of each semester to meet with registered offenders and their probation or Department of Corrections agent annually and sign off on a student agreement based on the terms of their restrictions and campus policies. The Dean of Students, Equity & Inclusion and other campus employees designated as ‘need to know’ will be informed of a sex offender on campus who has significant restrictions.

**Filing an Appeal:** The complainant or the respondent may appeal the decision of the decision maker. An appeal must be filed in writing with the president or designee within ten (10) business days after notification of the decision. The appeal must state specific reasons why the complainant or respondent believes the decision was improper. In a complaint against a president or other official who reports directly to the chancellor, an appeal may be considered by the chancellor whether the chancellor serves as the decision maker.

For employees represented by a collective bargaining agreement, an appeal under this procedure is separate and distinct from, and is not in any way related to, any contractual protections or procedures. During the pendency of the appeal, disciplinary or corrective action taken because of the decision shall be enforced. In addition, in cases involving...
sanctions of suspension for ten (10) days or longer, students shall be informed of their right to a contested case hearing under Minnesota Statutes Chapter 14.

The president or designee shall review the record and determine whether to affirm or modify the decision. The president or designee may receive additional information if the president or designee believes such information would aid in the consideration of the appeal. The decision on appeal shall be made within a reasonable time and the complainant, respondent and designated officer shall be notified in writing of the decision, consistent with applicable state and federal data privacy laws. The decision on appeal exhausts the complainant's and respondents’ administrative remedies under this procedure except as provided herein.

Sexual Violence Prevention and Education

Under Minnesota Statute 135. A, all incoming college students taking one or more face-to-face classes must participate in sexual violence prevention training by the 10th day of class. All employees will be trained in sexual violence prevention. CLC Sexual Violence Committee in partnership with the Title IX Officer, Human Resources and Security Office will establish a campus Sexual Violence education and action plan to promote the awareness of sexual violence offenses, including sexual violence prevention measures and procedures for responding to incidents. CLC developed educational programs, brochures, posters and other means of information to decrease the incidence of sexual violence and advise individuals of the legal and other options available if they are the complainants of an incident or they learn of such an incident. Each employee is required to complete a sexual harassment training module as part of their new employee training process and all employees are required to participate in annual sexual violence training. Training for individuals charged with decision making authority is provided by Minnesota State, providing appropriate training and other resources to individuals charged with decision making responsibilities under applicable procedures in order to facilitate a fair, respectful and confidential procedure on allegations of sexual violence in accordance with this and other applicable policies, procedures and laws. A guiding principle in the reporting of sexual assault is to avoid re-victimizing the sexual assault complainant by forcing the person into any plan of action. Sexual assault complainants may contact any one of several college departments or community services for assistance.

Drug and Alcohol Policies

Central Lakes College prohibits the unlawful possession, consumption (use) sale, or distribution of alcohol by all students and employees and enforces all applicable drinking/liquor laws and policies on campus including Federal law, Minnesota State law, Brainerd or Staples Ordinances and institution policy.

This includes but is not limited to possession, sale, and use, growing, manufacturing, and making of narcotic drugs. Exceptions would be drugs prescribed by a doctor’s order.

Non-students/non-employees who are found to be in violation of the law while on campus may be asked to leave campus, may be prohibited from returning for one year, if uncooperative the Brainerd or Staples Police Department may be called to assist. The individual may be subject to citation or arrest for misdemeanor and felony level drug crimes and the Brainerd or Staples Police Department will be contacted.

Drug and Alcohol Abuse Education Programs: Central Lakes College recognizes the reality of chemical dependency and is aware of its occasional presence in the higher education community. As a safeguard against this dependency, numerous campus organizations provide prevention programs to the campus community. Central Lakes College encourages and provides reasonable assistance to any student, faculty or staff member who seeks information on chemical dependency or treatment for chemical dependency. Various offices, including Counseling and Human Resources, provide information and referral to prevention programs for those seeking help with substance abuse.

Annual Fire Safety Report

The Higher Education Opportunity Act (HEOA) was signed into law in August 2008 and contains several crucial campus safety components. One of the main provisions of the HEOA is the Campus Fire Safety Right-to-Know Act. This provision calls for all Title IV eligible institutions that participate in Title IV programs and maintain on-campus student housing facilities to publish an annual fire safety report that outlines fires safety systems, policies, practices, and statistics. The following report discloses all information required by HEOA as it relates to Central Lakes College.

Parkway Apartments Fire Safety Policies

2020-2021 Academic Year Parkway Apartments Fire Evacuation Procedures

As part of our housing rules and precautionary measures, we have a formalized procedure to follow in the event of a fire at our facility. Please read through this information and make a note of your role in such a situation. It is important to safely evacuate and account for everyone living in the housing units,

1. In case of fire, evacuate your apartment/bedroom immediately. Assess your situation. KNOW WHERE YOUR EXITS ARE & practice your exit routes. The 2 exits for each apartment are the door and the window. Use whichever avenue is safest and furthest from the fire itself. If there is time, REMEMBER to close ALL DOORS BEHIND YOU. This will prevent the spread of smoke and fire within the unit.

2. If you can, try to notify your roommates. Do your best to account for everyone in your apartment. Obviously, do not put yourself in harm’s way, but if you are able to make sure all your roommates are safe, it will be great help to the fire department.

3. Pull the nearest fire alarm in the hallway.

4. Call "911" from a safe, alternative area. DO NOT CALL FROM THE APARTMENT THAT HAS A FIRE, go to a separate building or apartment, and notify the fire department as soon as you can. Call Nicole LaBorde, the Community Manager. DO NOT ASSUME THAT SOMEONE ELSE HAS ALREADY CALLED THE FIRE DEPARTMENT.

Proceed to designated "safe" area. This is very important because we need to account for everybody. At this time, one of the housing staff will be informing the fire department of who is and is not out of the housing units. YOUR KNOWLEDGE OF WHO IS HOME AND WHO IS GONE IS CRUCIAL. It is imperative that everyone congregates at the designated spot. If shelter is necessary, you will be escorted to an area next to the front entrance of the college's gymnasium.

You would only evacuate the building in which the fire was taking place. The more people at the safe spot, the harder it will be to account for those in immediate danger. If the fire department deems it necessary, they will make the call to evacuate the other buildings.
The same rules/procedures apply in the event of a fire drill. Failure to comply with fire drill or evacuation procedures will result in a lease violation. Any questions please contact the Parkway Site Staff or the Management Brainerd Site Office. (218) 866-2305

Annual Fire Safety Report

The Higher Education Opportunity Act (HEOA) was signed into law in August 2008 and contains several crucial campus safety components. One of the main provisions of the HEOA is the Campus Fire Safety Right-to-Know Act. This provision calls for all Title IV eligible institutions that participate in Title IV programs and maintain on-campus student housing facilities to publish an annual fire safety report that outlines fire safety systems, policies, practices and statistics. The following report discloses all information required by HEOA as it relates to Central Lakes College.

Description of On-Campus Student Housing Fire Safety Systems
Residential Fire Alarm System
Smoke Detectors
Fire Extinguishers Plans
Evacuation System
3 Drills 1 per Calendar year (1)/ 1 per Semester (2)

Fire Exits:
Emergency fire exit doors are not to be used to exit or enter the building except in the case of an emergency. Fire exit doors are armed with an alarm that will sound when the door is opened. Tenant will be responsible for any fines, fees, repairs, or other expenses because of a false alarm or damage to the fire exit doors caused by Tenant or Guests. The back stairwell is a fire exit and is not to be used to exit or enter the building, except in the case of an emergency.

Fire and/or Carbon Monoxide Detection/Alarm Systems
The property is equipped with various safety equipment such as smoke detectors, carbon monoxide detectors, and/or heat detectors ("safety equipment"). UNDER NO CIRCUMSTANCES MAY THE SAFETY EQUIPMENT BE TAMPERED WITH OR RENDERED INOPERABLE. SUCH ACTIVITY IS CONSIDERED A SERIOUS SAFETY THREAT TO THE TENANTS ON THE PROPERTY AND CONSTITUTES GROUNDS FOR IMMEDIATE EVICTION. Missing or damaged equipment due to tampering will be replaced at Tenant's expense. The batteries will be replaced by Landlord and/or property staff on an annual basis at no cost to Tenants. From time to time the batteries will need to be replaced more often, and it is the responsibility of Tenant to immediately notify Landlord and/or property staff when a replacement is needed. Removal of or tampering with the battery by Tenant will result in a minimum replacement charge of $25.00 per battery.

The apartment building is equipped with an alarm system that is connected to various safety equipment such as smoke detectors, carbon monoxide detectors, and/or heat detectors. If these alarms go off, leave the building immediately, contact 911 Emergency Services, and contact Landlord and/or property staff.

The alarm system may include pull stations, smoke detectors, heat detectors, and various other devices located throughout the building. False alarms or damage caused by tampering or horseplay is not allowed and is a violation of the Lease for which Tenant's Lease may be terminated and for which Tenant may be evicted. Tenant will be held responsible for the cost of damages and/or expenses caused by a Tenant or Guests. In some communities, emergency response organizations such as the local Fire Department or Emergency Medical Services may hold Tenant responsible for false alarms.

Each Tenant should devise and discuss with all household members a plan to deal with emergencies such as fire or dangerous weather. Because of various household differences no single plan has been devised for the building. If tenants would like help to prepare a plan for their households, they are encouraged to contact the local fire department.

False Alarms
Every effort will be made to identify individuals who cause a false alarm. When such persons are identified they will be referred to the Fire Department and Police Department for disciplinary action. In addition to legal proceedings,
everyone involved will be charged a fine of $500, responsible for any expense, and subject to eviction.

**Misuse of Safety Equipment**
Any individual who misuses or tampers with fire safety equipment may be subject to eviction, a fine of $500 plus the cost of repair or replacement of the equipment, cleaning of the facility, and damage to other property. We will also contact local law enforcement officials and you may be subject to disciplinary action under the jurisdiction.

Fire equipment consists of, but is not limited to; fire extinguishers, fire valves, smoke and heat detectors, sprinkler system, emergency lighting, emergency exit signs and pull stations.

**Fire Drills & Evacuation**
As part of our rules and precautionary measures, we have a formalized procedure to follow in the event of a fire at our facility. Please read through this information and make a note of your role in such a situation. It is important to safely evacuate and account for everyone living in the housing units.

MANDATORY FIRE DRILLS will be scheduled 3 times a year.

1. In case of fire, evacuate your apartment/bedroom immediately. Assess your situation. KNOW WHERE YOUR EXITS ARE & practice your exit routes. The two (2) exits for each apartment are the door and the window. Use whichever avenue is safest and furthest from the fire itself. REMEMBER to close ALL DOORS BEHIND YOU. This will prevent the spread of smoke and fire within the unit.

2. If you can, try to get everyone out of the unit. Do your best to account for everyone in your apartment. Obviously, do not put yourself in harm's way, but if you are able to make sure all your roommates are safe, it will be helpful to the fire department.

3. Call "911" from a safe, alternative area. DO NOT CALL FROM THE APARTMENT THAT HAS A FIRE.

4. Go to a separate building or apartment and notify the fire department as soon as you can. DO NOT ASSUME THAT SOMEONE ELSE HAS ALREADY CALLED THE FIRE DEPARTMENT.

5. If the fire department deems it necessary, they will make the call to evacuate the other buildings.

6. Evacuated Tenants are to immediately proceed to the designated “safe” area is the CENTRAL LAKES COLLEGE WEST parking lot located directly across Mississippi Parkway. This is very important because we need to account for everybody. At this time, one of the housing staff will be informing the fire department of who is and is not out of the housing units. YOUR KNOWLEDGE ON WHO IS HOME AND WHO IS GONE IS CRUCIAL. It is imperative that everyone congregates at the designated spot.

7. Only the Tenant's under evacuation should proceed to the safe area. Extra people at the safe spot who are not under evacuation will make it harder to account for those in immediate danger.

**Portable Oxygen Tanks**
Smoking or the use of any other product that produces a flame is prohibited anywhere inside any unit where an oxygen tank or concentrator is present. Use of other devices that may create a fire hazard in such circumstances is also prohibited. Tenant agrees to become familiar with and comply with all safety precautions associated with the use of portable oxygen.

**Charcoal and/or Gas Grills**
Charcoal grills, gas grills, and fire pits are prohibited on the premises. A community grill is provided in the picnic area. Regardless of 911 reports, all fires that occur on Parkway Apartments property should be reported to the Central Lakes College Security Department.

**Fire Safety Policies:**
For your own safety and the safety of others, residents are always expected to maintain their rooms in an orderly
manner in compliance with the following fire regulations:

1. Unattended cooking is not allowed in rooms or kitchens.
2. Use of open flame cooking devices or hot plates is not allowed in rooms.
3. Microwave ovens, popcorn poppers, toasters, coffee pots or other such devices should not be used under lofts and/or near flammable materials.
4. Light bulbs should be used in approved lamps or holders and be of proper wattage for the device; excessive wattage may result in a fire.
5. Light fixtures must not be tampered with in any way, and items which might serve as conductors of electricity. Nothing should not be hung from them.
6. Room doors must be able to fully open and be self-closing. Room doors must be closed when the room is left unattended or the residents of the room are sleeping. Closet doors may not be removed.
7. An emergency aisle of at least 22 inches must be maintained within the room.
8. When arranging furniture, consideration must be taken so that if tipped over, items do not block the door.
10. Use power strips/surge protectors with breakers instead of octopus plugs or extension cords. Multi plugs of extension cords are not allowed.
11. Power strips/surge protectors must be unplugged after use and should not be placed under carpet or attached to, woven through or touching metal in any manner.
12. Students are responsible for notifying a Residential Staff immediately after identifying problems with smoke detectors.
13. Anyone caught tampering with smoke detectors or fire alarms may face criminal charges.
14. Portable heaters are prohibited in student rooms/apartments.
15. Motorbikes or other motorized vehicles may not be stored in students' rooms or in any residential community.
16. Excessive use of paper on walls is not permitted.
17. Highly combustible materials such as propane, gas, lighter fluid, helium, grills, charcoal, and firewood are prohibited.
18. Candles may not be burned in any residential areas, including student rooms, due to potential fire hazards. New/unburned candles are permitted for decorative purposes only.

Burning of Incense, Sage, Sweet Grass, or Cedar: Incense, sage, sweet grass, cedar, hookahs, and similar items are not allowed to be burned in residential communities. An exception for the sole purpose of religious ceremony may be granted with prior approval from your Residence Hall Director within three working days. All requests must be in writing, and students should expect a written response within one business day.

Fire Drills:
As required by state law, a fire drill is scheduled for each semester on campus and once a semester in student housing. These fire drills are unannounced to provide a realistic practice situation. Failure to evacuate during a fire drill or false alarm could result in prosecution. Failure to evacuate will also subject a student to residential life disciplinary procedures.

Fire Safety Equipment:
Fire extinguishers are located throughout each building for the protection of the residents. Misuse of fire extinguishers, including breaking or smashing the fire extinguisher glass will result in disciplinary action by Parkway Apartments and/or referral to appropriate authorities. State law requires Parkway Apartments to provide smoke detectors and smoke alarms in each residence hall room/apartment. It is a misdemeanor punishable by 90 days in jail and/or $300 to either remove the batteries or alarm from its location. Most rooms also have a sprinkler system that will automatically turn on in case of fire. The system will continue to operate until turned off by campus personnel or the fire department. This system can be accidentally activated when hit by an object; therefore, take proper precautions not to accidentally bump the system. There must be at least an 18-inch radius around the 3 sprinklers, with no objects placed on or near it. Students will be held financially responsible for costs associated with damage to the sprinkler system. Vandalism/damages may result in disciplinary action including possible suspension and/or removal from the Residential Life program (as well as restitution).
Appendix 1: Terms and Definitions

Aggravated Assault
An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon (or displays weapon in a threatening manner) or by means likely to produce death or great bodily harm (e.g. victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness).

Arson
Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

Burglary
The unlawful entry of a structure with the intent to commit a felony or theft.

Affirmative Consent
Consent is informed, freely given, and mutually understood willingness to participate in sexual activity that is expressed by clear, unambiguous, and affirmative words or actions. It is the responsibility of the person who wants to engage in sexual activity to ensure that the other person has consented to engage in the sexual activity. Consent must be present throughout the entire sexual activity and can be revoked at any time. If coercion, intimidation, threats, and/or physical force are used, there is no consent. If the complainant is mentally or physically incapacitated or impaired so that the complainant cannot understand the fact, nature, or extent of the sexual situation, there is no consent; this includes conditions due to alcohol or drug consumption, or being asleep or unconscious. A lack of protest, absence of resistance, or silence alone does not constitute consent, and past consent to sexual activities does not imply ongoing future consent. The existence of a dating relationship between the people involved or the existence of a past sexual relationship does not prove the presence of, or otherwise provide the basis for, an assumption of consent. Whether the respondent has taken advantage of a position of influence over the complainant may be a factor in determining consent.

Criminal Homicide – Manslaughter by Negligence
The killing of another person through gross negligence.
As a general rule, any death caused by the gross negligence of another is classified as Criminal Homicide—Manslaughter by Negligence (b).

Dating and Relationship Violence
Dating and relationship violence includes physical harm or abuse, and threats of physical harm or abuse, arising out of a personal intimate relationship. This violence also may be called domestic abuse or spousal/partner abuse and may be subject to criminal prosecution under Minnesota state law.

Destruction/Damage/Vandalism of Property
To willfully or maliciously destroy, damage, deface, or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.

Drug law violations
Arrests or referrals for the violation of state and local laws relating to the unlawful possession, sale, use, growing, manufacturing, and making of narcotic drugs.

Intimidation
To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct but without displaying a weapon or subjecting the victim to actual physical attack. Note: This offense includes stalking.

Larceny-theft
The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another person.
Liquor law violations
Arrests or referrals for the violation of laws or ordinances prohibiting the manufacture, sale, transporting, furnishing, or possessing of intoxicating liquor.

Motor Vehicle Theft
The theft or attempted theft of a motor vehicle.
Note: A motor vehicle is a self-propelled vehicle that runs on the surface of land and not on rails and that fits one of the following property descriptions:
- Automobiles - sedans, coupes, station wagons, convertibles, taxicabs, or other similar motor vehicles that serve the primary purpose of transporting people
- Buses - motor vehicles that are specifically designed (but not necessarily used) to transport groups of people on a commercial basis
- Recreational Vehicles - motor vehicles that are specifically designed (but not necessarily used) to transport people and provide them temporary lodging for recreational purposes
- Trucks - motor vehicles that are specifically designed (but not necessarily used) to transport cargo
- Other Motor Vehicles - any other motor vehicles, e.g., motorcycles, motor scooters, trail bikes, mopeds, snowmobiles, or golf carts.

Murder and Non-negligent Manslaughter
The willful (non-negligent) killing of one human being by another.
As a general rule, any death caused by injuries received in a fight, argument, quarrel, assault, or commission of a crime is classified as Murder and Non-negligent Manslaughter (1a).

Robbery
The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear that force will be used.
Robbery is a vicious type of theft in that it is committed in the presence of the victim. The victim, who usually is the owner or person having custody of the property, is directly confronted by the perpetrator, and is threatened with force or is put in fear that force will be used. Robbery involves a theft or larceny but is aggravated by the element of force or threat of force.

Sexual Assault
“Sexual assault” means an actual, attempted, or threatened sexual act with another person without that person’s consent. Sexual assault is often a criminal act that can be prosecuted under Minnesota law, as well as form the basis for discipline under student conduct codes and employee disciplinary standards. Sexual assault includes but is not limited to:
1. Involvement without consent in any sexual act in which there is force, expressed or implied, or use of duress or deception upon the victim. Forced sexual intercourse is included in this definition, as are the acts commonly referred to as “date rape” or “acquaintance rape.” This definition also includes the coercing, forcing, or attempting to coerce or force sexual intercourse or a sexual act on another.
2. Involvement in any sexual act when the victim is unable to give consent.
3. The intentional touching or coercing, forcing, or attempting to coerce or force another to touch an unwilling person’s intimate parts (defined as primary genital area, groin, inner thigh, buttocks, or breast).
4. Offensive sexual behavior that is directed at another such as indecent exposure or voyeurism.

Simple Assault
An unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness.

Sex Offenses – Defined
Forcible Sex Offenses.
Any sexual act directed against another person, forcibly and/or against that person’s will or not forcibly or against the person’s will in instances where the victim is incapable of giving consent.
Reported offenses may include:

- **Forcible Rape** - The carnal knowledge of a person, forcibly and/or against that person’s will or not forcibly or against the person’s will in instances where the victim is incapable of giving consent because of his/her temporary or permanent mental or physical incapacity (or because of his/her youth).

- **Forcible Sodomy** - Oral or anal sexual intercourse with another person, forcibly and/or against that person’s will or not forcibly or against the person’s will in instances where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental or physical incapacity.

  Note: An object or instrument is anything used by the offender other than the offender’s genitalia. Examples include but are not limited to a finger, bottle, handgun, or a stick.

- **Forcible Fondling** - The touching of the private body parts of another person for the purpose of sexual gratification, forcibly and/or against that person’s will or not forcibly or against the person’s will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental incapacity.

  Note: Forcible Fondling includes Indecent Liberties and Child Molesting. Because Forcible Fondling is an element of Forcible Rape, Forcible Sodomy, and Sexual Assault with an Object, it should be reported only if it is the sole Forcible Sex Offense committed against a victim.

**Sex Offenses, Non-forcible.**

Unlawful, non-forcible sexual intercourse.

Reported offenses may include:

- **Incest** - non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

  Note: If force was used or threatened, or if the victim was incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental incapacity, then the offense should be classified as forcible rape, not statutory rape.

**Sexual Violence**

Sexual violence includes a continuum of conduct that includes sexual assault, and non-forcible sex acts, dating and relationship violence, stalking, as well as aiding acts of sexual violence.

**Stalking**

Stalking is conduct directed at a specific person that is unwanted, unwelcome, or unreciprocated and that would cause a reasonable person to fear for her or his safety or the safety of others or to suffer substantial emotional distress.

Central Lakes College

Biennial Review

For compliance with the Safe and Drug Free Schools and Communities Act

July 2021-June 2023

Certification of the Biennial Review:
As the President of Central Lakes College, I have read this report and support the Alcohol and Drug Policy and Work Plan presented by committee chair, Dean of Students, Equity & Inclusion, Mary Sam

President Hara Charlier:  

Date:  March 2, 2021
Introduction:

The Alcohol and Drug Committee at Central Lakes College has, over the past several years strived to promote a safe and drug free environment for the college community. Although there have been a limited number of policy violations, the committee recommends providing additional resources to address alcohol and drug use and abuse. Stronger and more consistent leadership will support these efforts. The Committee, reconvened in the spring of 2017, has established a work plan provided below, to ensure students and employees are receiving appropriate resources and education. This review will report on prevention activities from the 2019/2020 and 2020/2021 academic years and provide a work plan for the 2021/2022 and 2022/2023 academic school years.

Notice of Safe and Drug Free Schools Information:

As required by federal law, information about alcohol and other drugs shall be distributed annually to all students, faculty and staff at Central Lakes College. This information includes:

- Central Lakes College Drug and Alcohol Policy
  - Staff development day training
  - Faculty development day training
- Health risks of alcohol and drug use
- Campus and community resources for help with alcohol and other drug issues

The information above was distributed during the 2019-2021 academic years to:

- Newly enrolled students
- New employees

This plan will address the gaps in educating current students and employees on an annual basis.

All of the information required under federal law is available to employees and students throughout the year in printed form, handbooks, and the online college website at www.clcmn.edu.

College policies are located on our website: http://www.clcmn.edu/college-policies.

We no longer have health services at Central Lakes College.

Programs that require alcohol and drug testing include Heavy Equipment and Diesel Mechanics. Lakewood Health System, out of Staples, Minnesota, provides alcohol and drug testing for the Heavy Equipment and Diesel Mechanic students. Students are required to view a video with information about drug/alcohol awareness prior to registering for the courses in the program. In addition, students are given a copy of the drug/alcohol policy when they are accepted into the program.
Incident Report:

The following table outlines student violations of the Central Lakes College Alcohol and Drug Policy from academic years 2016-2020.

Policy Interventions:

The data suggest that the interventions and educational resources used at Central Lakes College are working, yet the Committee is concerned about marijuana, prescription medication, and opiate use. Central Lakes College has a large population of student that are in recovery from addiction who often share their concerns about their peers’ use of chemicals.

Some recent campus and community prevention efforts include:

- Annual presentation to the Occupational Skills Program students (safety, chemical use, sexual violence prevention)
- New Student Orientation for incoming freshmen and their families. Parent session speaks to signs of chemical abuse and how parents can support their students
- Welding Program has a contract which students sign off on, alerting them to the CLC student conduct policy, chemical use policy, and sexual violence policy
- CLC Criminal Justice Program objectives call for providing education on drug use and abuse, taught in multiple settings within the program
- Student Life Program provides awareness and prevention activities on both campuses to provide a safe and drug free environment
- Letter emailed to students each semester overviewing drug and alcohol, conduct, and sexual violence prevention policies and resources
Work Plan Recommendations:

As we look to the next biennium, the following recommendations have been identified as priority action steps:

1. Strengthen and expand the Alcohol and Drug Committee to include employees and students from both Brainerd and Staples Campuses, and to explore community organization representation. Committee representation should include:
   - Human Resources
   - Dean of Staples
   - Director of Security
   - Counselor
   - Director of Student Life
   - Athletic Director/Coach
   - Accessibility Services Coordinator
   - TRIO Advisor
   - Meta 5 Program Director
   - Faculty representing Criminal Justice, Diesel Mechanic, and Heavy Equipment, and one Liberal Arts faculty
   - MAPE representation
   - AFSCME representation
   - Two students. We hope to invite students who are in recovery from addiction and/or have a passion for addressing use and abuse concerns

2. Through the Office of Student Conduct, students may be directed to utilize ‘Learn to Live Substance Use and Abuse’ software to self-reflect, as part of a student conduct sanction related to drug or alcohol use. (A self-study program that identifies issues related to misuse of alcohol/drugs and helps student learn to make responsible decisions).

3. Recommend to faculty, including links to drug and alcohol, conduct, and sexual violence prevention information and resources in course syllabi

4. Each semester, email student the alcohol and drug policies, student code of conduct, and links to campus and community resources

5. Annually, email employees reminders about alcohol and drug policies and resources for support to ensure easier access

6. Gather data that is more precise from CLC Counselor around referrals to chemical health services, students in crisis, etc.

7. Posters on campus to encourage safe and healthy behavior among the college community

8. Provide additional information to students at New Student Orientation and Athletic Orientation

9. Host a session on chemical use and abuse at Student Success Day

10. Provide a safe space for students in recovery to hold weekly gatherings/meetings

11. Increase prevention efforts aimed at marijuana and opiate use

12. Student Life Program in collaboration with Equity Staff hosts awareness and prevention events for National Collegiate Alcohol Awareness Week and prior to spring break

13. Increase evening and weekend Student Life programming to support chemical free activities

14. Host an awareness and prevention event at Staples Campus

15. Train security staff on signs and symptoms of chemical use and strategies to intervene. Led by Director of Security

16. Explore options to address medical marijuana, synthetic drugs across the campus and impact CTE programs and those that have current drug testing policies

17. Increase drug and alcohol awareness training opportunities in career and technical programs
