

Central Lakes College's Dental Assisting Education Requirements Alignment with Other States' Initial Dental Assistant Licensure

The U.S. Department of Education has implemented regulations (Regulation 34 CFR 668.43 (a) (5) (v)) which requires Central Lakes College's Associate Degree Dental Assisting Program to provide a list of all states/jurisdictions where the institution's curriculum meets state educational requirements for professional licensure or certification.

Please go to the Dental Assisting National Board's website to look up each state's initial licensure educational requirements: <https://www.danb.org/Meet-State-Requirements.aspx>

1. This information is only for initial licensure by exam requirements for the state listed.
2. Students should contact the Dental Assisting Board in the state they would like to be initially licensed in for more specific information.

*Minnesota has radiography requirements and requires the Dental Assisting National Board (DANB) certification exam; Some states have varying levels of licenses based on procedures allowable. Where a determination has not been made, it is because the state requires a state exam and did not explicitly state they will accept an out-of-state licensure examination in place of their state exam.
